New plan for troubled youth

Governor James R. Thompson announced the formation Thursday of a Special Task Force on Services to Troubled Adolescents to recommend needed changes in the state's approach to serving youth.

"Thousands of Illinois teenagers have chronic behavior problems," Thompson said. "The costs in both social and economic terms are staggering."

The governor said that each year in Illinois there are 44,000 teenage school

dropouts, 50,000 are suspended from school, 25,000 are in the juvenile courts and 191,000 are arrested, including 43,000 for serious crimes.

In addition, there are 16,000 unwed teenage mothers each year. And 17,000 women under age 20 have abortions.

"The costs of serving these people are high and there are added costs in cases where there are victims, costs of lost productivity, and the potential for social dependency," Gov. Thompson said.

Operation Turnaround will begin

At the Lewis and Clark Historical Park on the Mississippi River near Mitchell, the Madison County Office of Manpower Development next week will initiate its summer Operation Turnaround, a juvenile offenders work program.

Those interested in participating in Operation Turnaround are to contact their probation officers or apply personally at an Illinois State Job Service Office at:

111 West Vandallia, Edwardsville, 1820 Cleveland, Boulevard, Granite City, or 88 Northport Drive, Alton.

Applications will be accepted for this and other CETA summer youth employment. CETA is the federal

"This task force represents a state commitment to taking a close look at the problems of youth and finding new, more effective ways of handling them."

The governor said a frequent state approach to serving troubled youth in the past has been to divide the family by placing the child in institutional or foster home care.

"A limitation was placed on the service to the child by assigning the child to only one of the multitude of state agencies, departments and commissions which serve children," he commented.

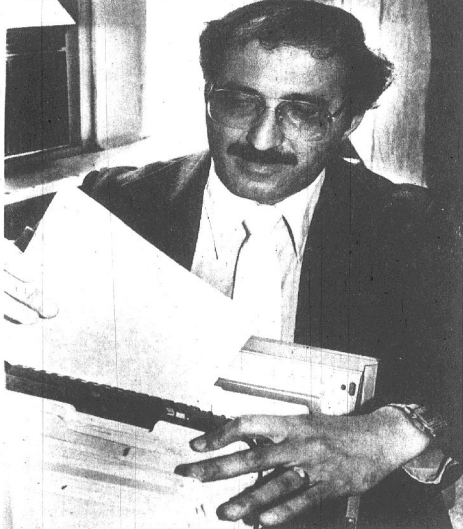

"We have a system which is fragmented and duplicative, with agencies tending to focus on symptoms they can treat, instead of working with a youth's entire range of problems."

"Often, the potential sources of greatest help—the family and the community—are not involved."

"I have asked the task force members to help end this divisive, fragmented and duplicative treatment by finding a public policy that supports families and communities in their attempts to serve their young people."

"I believe that less state intervention

NEW YMCA DIRECTOR, David L. Femrite, organizes some of his files Friday morning as he settles into his new job. Femrite began his duties as the new executive director of the "Y" on Thursday. He replaces Paul Grennell, who left the Tri-City Area YMCA to return to his home town of Ithaca, N.Y., as director of its "Y" facilities. Femrite has been the branch executive of two branch YMCA facilities in Pittsburgh, Pa., for the last two years. He is married and has two children.

More county candidates

The Republican ballot for Madison County was sparsely populated after the March primary, but it is beginning to fill up for the Nov. 4 general election.

It has been announced that Dr. Felicia Koch of Granite City may run for coroner. And would-be candidates addressing the Granite City Republican Women's Club last week included Larry West of Alton for county auditor and Joseph L. Young of Alton for recorder of deeds. A state's attorney candidate was nominated in the primary.

President Vernice Walter led the pledge of allegiance and welcomed the guests, including Dana Polshowski of Wood River, Mrs. Larry West, Granite City Precinct Committeemen Darrell Downey, Kent Holsinger, Harold Dupont, George Pitonak and Dale Hyle and committeewoman Mrs. Gayle Holsinger. Prayer was offered by Bethel Davis.

Prizes were won by Ruth Lucas, Louise Thompson and Jannette Krause. The club has reserved a bus, with \$9 fare for members and \$10 for guests, to go to Governor's Day at the Illinois State Fair in Springfield Aug. 13.

The GC Republican Women's Club will host the Madison County Federation of Republican Women's Clubs Oct. 20 from 10 a.m. to 3 p.m. at SIUE. State President Mary Jo Arnt will attend.

A board meeting was set for June 24 at Burns Restaurant, scene of last week's dinner meeting.

Glady's Pape will be hostess for the July meeting at 6 p.m. July 1 at Burns, with guests to call either 876-5748 or 876-5900 for reservations.

Bonds for downtown unlikely

Granite City is not likely to issue general obligation bonds to help finance downtown improvements through a new financing plan which is being studied by city officials and the downtown committee of the Tri-Cities Chamber of Commerce, Alderman Sam Whitmer of the Second Ward told the City Council last week.

Whitmer referred to information that a new financing plan known as Tax Increment Financing (TIF) would permit general obligation bonds that would be repaid through increased property valuations resulting from improvements made with the bond proceeds.

"I am not in favor of anything that

New Green-Piasa court activity

By GARY SCHNEIDER
of the Press-Record

Although the verdict awarding billions James Green \$9.2 million from the Alton Telegraph is now history, the events which led up to Green's financial downfall in 1969 are likely to be in the forefront of local news for many months to come.

Green, who now resides in O'Fallon, plans to go to court in the next few weeks to attempt to regain ownership of some of the properties he was developing when his credit was cut off.

At least three other suits against the Telegraph by persons involved in the 1969 downfall are scheduled to be tried this summer. These, and the expected

appeal of last week's jury verdict all will be in the news in the months to come.

The \$9.2 million awarded to Green by the jury in Granite City last week is believed to have been the largest amount ever granted in a libel case in the United States, authorities are saying.

Arthur Hanson, general counsel for the American Newspaper Publishers Association and Mutual Insurance Co., which carries the libel insurance for more than 2,000 newspapers, has been quoted as saying the judgment was "the biggest to date."

Spokesmen for local Bar associations indicated the question still is being

researched, but most attorneys questioned agree it is the largest libel verdict they can recall.

Green told the Press-Record that he believes the massive judgment is "vindication for what my family and I have been through for the last 10 years."

Green, who was successful builder of homes and apartment buildings in this area until 1969, filed suit in 1977 against the Alton Telegraph and two of its former reporters, Joe Melosi and William Lhotka, alleging that a memo the reporters sent the U.S. Justice Department in 1969 caused the collapse of his business.

The memo alleged that Green had syndicated connections and was receiving Mafia money, allegedly being funneled through the former Piasa First Federal Savings & Loan Association to Green and a few other developers and builders.

Testimony during the trial showed that the Justice Department transmitted the allegations to the Federal Home Loan Bank Board, adding the statement, "We have established that Mafia money was going from Piasa to Green and others."

The FBI conducted an audit of Piasa's books and made recommendations which led to Piasa cutting off credit to Green. Green then was unable to complete several of his multimillion dollar construction projects and Piasa ended up foreclosing on the properties, including the Gaslight Walk Apartments in Pontoon Beach, the Chateau de Fleur apartments in Bethalto, the Lake of the Seven Fingers resort and mobile home development near Staunton, and other projects.

William Cox, attorney for the Telegraph, argued that Melosi and Lhotka had sufficient reason, at that time, to suspect the allegations were true and were only doing their duty as citizens, to report what they felt may have been a crime.

Rex Carr, attorney for Green, contended the memo showed "a reckless disregard" by the reporters, who were too "lazy" to do the work necessary to confirm or deny the story, and he alleged, "They knew exactly what would happen when they sent the memo."

Cycle crash kills 2

Two Nameoki Township residents were killed when the motorcycle they were riding went out of control and struck a utility pole on Lake Drive south of the Fort Tarrant, 4706 Lake Drive, at 1:50 a.m. Sunday.

Dead are the driver, Jack L. Lindley, 32, of 4045 Kathy Drive, Ponton Beach, and Brenda S. Parks, 25, of Rural Route One, Box 83, Highway 162, a passenger

on the motorcycle.

State troopers said the two had just left the Fort Tarrant when the accident occurred. It is believed the homemade motorcycle was traveling at a high rate of speed, due to the extensive damage to the engine and the injuries to the victims, troopers said.

Additional details are in today's obituary column.

The FBI conducted an audit of Piasa's books and made recommendations which led to Piasa cutting off credit to Green. Green then was unable to complete several of his multimillion dollar construction projects and Piasa ended up foreclosing on the properties, including the Gaslight Walk Apartments in Pontoon Beach, the Chateau de Fleur apartments in Bethalto, the Lake of the Seven Fingers resort and mobile home development near Staunton, and other projects.

The Telegraph attorneys argued that the memo was sent to the Justice Department by the reporters as a privileged communication which, in effect, asked federal authorities to confirm or deny the allegations about Green and Piasa.

Madison middle school dedicated

By GARY SCHNEIDER
of the Press-Record

"This is a very proud moment for Madison," State Rep. Sam Vadalabene of the 56th District, told a gathering of about 150 persons at yesterday's official dedication of the new Madison Middle School, Parish Street and Caine Drive.

Numerous public figures attended, including two former superintendents of the Madison schools, Fred Riddle and the former state superintendent of public instruction, George T. Wilkins Sr.

State representatives on hand for the ceremony were Sam Wolf (D-Granite City), Everett Steele (R-Glen Carbon) and Jim McPike (D-Alton).

The Madison High School Band played for the event and students led the gathering in the pledge of allegiance. The Rev. Charles Waters of Canaan-Gallies Baptist Church offered the invocation and the Rev. Paul Davis of the First Baptist Church of Madison gave the benediction.

Giant parade tomorrow

Disney characters in colorful costumes will be featured along with floats and marching units in a giant Shrine parade here, the 14th annual Ainaid circus parade, Tuesday at 7:30 p.m.

Shrine circus performances will follow on Wednesday, Thursday and Friday evenings at the Tri-City Speedway.

Tomorrow night, there will be 25 decorated float entries, Ainaid and Moolah Temple units, clowns, numerous bands, and live circus animals, including elephants, lions and tigers.

Assembly of all participants will begin at 6 p.m. between 23rd and 25th streets on Madison Avenue and the parade will proceed along Madison Avenue northeast to Nameoki Road and then, for the first time, will disband at Johnson and Nameoki roads.

In previous years the parade continued to the Nameoki Village Shopping Center.

The 25 decorated floats entered by local organizations, clubs and business people will compete for eight trophies in two different categories. One will be

entitled "Circus Days" and the other a "Salute to Disney Characters."

An added attraction this year will be band competition to include six area bands vying for the first place trophy award.

Joining the 20 Ainaid Temple Shrine units will be units from the Moolah Shrine Temple, St. Louis. The latter will bring two bands, five motorized units, two horse patrols, Moolah's famous Chanters and Hay Shakers, several walking units and many extra

Census followup here

"Were you counted in the 1980 Census of Population and Housing?"

Ron Randolph, census district manager, said today, "If you think you or your family might have been missed, fill out the WERE YOU COUNTED? form elsewhere in this issue."

"Cut it out and mail it to the address shown on the form. It will be checked against the master address list for your area so there is no chance of an individual or household being counted twice."

"This is the final phase of the 1980 census. It is conducted to ensure that no one is overlooked."

A few days before April 1, Census Day, questionnaires were mailed to all residential addresses in the area. They were to be filled out and mailed back on April 1.

"After about two weeks, the Census Bureau hired and trained local residents as census takers and sent them out to call at homes from which no questionnaires had been received."

"They also had to contact, usually by telephone, households which had returned inadequately filled-out questionnaires."

"A check is now being made to ascertain that a questionnaire for every household has been completed," the manager said. "And shortly we will be able to turn over to local officials the population counts for their communities."

Known as the local review program of the census, its purpose is to give government officials an opportunity to detect errors while census workers are

still in the field, thus contributing to the accuracy and success of the census.

"We're already in the process of adding up the figures, but of course, the totals will be unofficial, preliminary counts."

"The official counts will come later from the director of the Census Bureau," Randolph noted.

He pointed out that "representation in the U.S. Congress and the state legislature is determined by census population count. Federal funds also are allotted to states and local governments on a per capita basis."

"A short count would mean underrepresentation in the lawmaking body and under-allotment in government funds. Thus, it is imperative that we have a complete count."

Vascular surgery degree

Dr. William Pete Kalchoff,
1403 Twenty-seventh St.,
received his degree in
general and vascular
surgery in ceremonies May
30 at Baylor College of
Medicine, Houston, Tex.,
where world-renowned
surgeon Dr. Michael
DeBakey is chairman of the
Department of Surgery.

Dr. Kalchoff was
singularly honored by being
the only graduating surgeon
selected to enter residency in
heart surgery at Ochsner
Clinic in New Orleans, La.
The clinic is an alma
mater of Dr. DeBakey.

Dr. Kalchoff is a son of
Mrs. Dorothy G. Kalchoff of
Granite City and the late
Pete A. Kalchoff.

He is the grandson of Mrs.
Helen K. Geroff of Granite
City and the late Christ A.
Geroff. His sisters are Mrs.
Shirley Ann McCullough of
Houston and Miss Kathleen
Elaine Kalchoff.

Dr. Kalchoff is a graduate
of St. Louis University
School of Medicine and
Washington University Pre-
Medical School.

He graduated as
valedictorian in 1968 from
Madison High School, where

**DR. W.P.

he was president of both the
senior class and the National
Honor Society.

He has conducted research
work at Barnes Hospital, St.
Louis, and was employed for
two years as emergency
room physician at Belleville
Memorial Hospital in the
mid-1970s.

Dr. Kalchoff spent a
summer studying at Yale
University and was an ex-
tern at St. Vincent Hospital
in Bridgeport, Conn.

He also studied medicine
and cardiology at the
University of California at
Los Angeles (UCLA) and
completed related training
at Harbor General Hospital
in Los Angeles.

Dr. Kalchoff has spent the
past five years in Houston.

He is a member of Beta

He will start his residency
at the Ochsner Clinic July 1.

New engineer for dam replacement

The massive construction
project of Locks and Dam 26
(replacement) will have a
new resident engineer in
charge June 30, replacing
Major Miguel "Mike" Ruiz.
Jimmy D. Bissell, a native
of Nashville, Ark., has been
transferred from Galveston,
Texas, to take over the
resident engineer position at
the half-billion-dollar project
two miles downstream from
the present Alton locks and
dam.

A 1965 graduate in civil
engineering at the
University of Arkansas,
Bissell worked in the Corps
of Engineers Little Rock
District prior to moving to
Galveston in 1970.

While in Arkansas, he
worked on the construction
of Greers Ferry Dam and
Powerhouse; Dardanelle
Lock, Dam and Powerhouse;
Ozark Lock, Dam and
Powerhouse; and Dam No.
13 near Fort Smith, Ark.

In 1970, Bissell was
assigned as project engineer
for construction of the
Wallisville Lock and Dam.

In 1972, he became area
engineer at Port Arthur,
Texas, in charge of con-
struction of the Hurricane-
Flood Protection Project and
maintenance of 84 miles of
deep-water channels and 41
miles of shallow draft
channels serving the Port
Arthur-Beaumont-Orange
area.

When the U.S. Hopper
Dredge A. MacKenzie sank
in the Galveston Channel, as
a result of a three-way
collision in 1974, Bissell was
assigned as resident
engineer to salvage the
dredge.

His last position prior to
transfer to the St. Louis
District was as assistant
chief, construction and
operations of the Galveston
District.

In that position, Bissell
was responsible for con-
struction of hurricane-flood
protection projects at Port
Arthur, Texas City and
Freeport, and for operation
and maintenance of the
district's navigation channels
extending the full length of
the Texas coast.

He is married to the
former Judy Faught of Ozark,
Ark. A registered
professional engineer, he has
applied for membership in
the St. Louis Chapter of the
Society of American Military
Engineers.

Ruiz, who has served as
resident engineer for the
Lock and Dam 26 project
since the initiation of work
last November, will depart
for service in Korea this
summer.

Index of prices may be an inflation cause

By JOHN A. FLANDERS

The ways in which we (a)
currently measure inflation
and (b) use that measure of
inflation are potentially
serious causes of future
inflation.

The most commonly used
measure of inflation today is
the consumer price index.
It is measured by doing a
monthly check on the prices
of a fixed basket of goods and
services that is supposed to
be representative of the
expenditures of typical
urban wage and clerical
workers.

The main reason we should
be concerned about the
accuracy of the CPI as a
measure of inflation is that
many income payments are
tied directly to the behavior
of the CPI.

The Bureau of Labor
Statistics has estimated that
a one percentage point in-
crease in the CPI can trigger
over a \$1 billion increase in
income payments. For
example:

1. Over 9 million wage
earners have labor contracts
that are directly indexed to
the CPI—an increase in the
CPI will result in an
automatic increase in
wages.

2. Over 34 million Social
Security recipients, three
million military and civil
service retirees, 20 million
Food Stamp recipients, and
25 million school lunch
recipients have payments
and subsidies directly tied to
the CPI.

Yet, there are a number of
serious problems with the
CPI, each of which reduces
its usefulness as an accurate
measure of the impact of
inflation on the American
population. I will touch on
only the most important
ones.

1. The treatment of
housing.
The housing component
accounts for over 40 percent
of the CPI, including home
purchases, financing, taxes,
insurance, maintenance and
repair, fuel costs, and other
expenses.

In November 1979, over
half of the increase in the
CPI was generated by the
housing component. The
problem with the CPI
treatment of housing takes
many forms, but three of the
most important are:

a. The CPI treats the
purchase price and interest
cost of a home like the cost of
any other good—it is allocated
to the year of purchase—but
not everyone who buys a new
home each year.

Yet, no weight is given to
the fact that many people
are currently making
mortgage payments based
on lower costs incurred in
previous years.

b. The CPI treats all the
increase in a house's price as
a cost, when in fact, much of
this price increase reverts to
homeowners in the form of
capital gains.

c. Mortgage interest
payments are deductible,
but the CPI includes gross
payments as a cost,
therefore overstating the
true impact of increased
housing costs on individuals.

The Bureau of Labor
Statistics has made attempts
at correcting this problem,
but has met with little suc-
cess, precisely because
such changes would lower
the measured rate of in-
flation.

For example, for the 12-
month period from Sep-
tember 1978 to September
1979, the uncorrected CPI
showed a 12.1 percent price
rise, while the corrected CPI
showed only a 10.4 percent
price rise.

2. The CPI uses a fixed
basket of goods.
As noted earlier, the CPI is
measured by periodically
checking the prices of
representative fixed basket
of goods. The problem is
that, during inflationary
periods, the fixed basket
quickly ceases to be
representative, creating an
upward bias in the CPI.

Several examples can help
to illustrate this problem.
The price of gasoline has the
same weight in the CPI this
year as it did last year, even
though rising gasoline prices
have caused people to
purchase less gasoline than
they bought last year.

The weight of gasoline in
the index should
theoretically fall, but in
practice it doesn't.

Similarly, the recent
switch by consumers away
from beef and toward
poultry and pork has been
ignored by the CPI, so that
rising beef prices have an
overstated impact on the
CPI.

In general, when relative

prices are changing during
an inflation, households will
react by substituting goods
that are getting relatively
cheaper for those getting
relatively more expensive.
Any fixed-weight price index
will thus overstate the true
impact of inflation.

3. Quality changes.
Not every increase in
prices is the result of in-
flation—in some cases, the
quality of the product may
have improved.

For example, after
mandatory auto emissions
standards forced
automakers to install
pollution control equipment
on automobiles, the BLS
argued that such devices
were not quality im-
provements, since in-
dividuals would not volun-
tarily pay for them.

In fact, they were actually
quality improvements. But
except for automobiles, there
have been improved corrections
for most product quality.

4. The effects of taxes and
supply-side shocks.
It is estimated that a 50
cent gallon gasoline tax, as
proposed by John Anderson,
would temporarily add three
percentage points to the in-
flation rate, perhaps
triggering increases in
Social Security payments.

Similarly, a switch to a
Value Added Tax in Britain
has temporarily raised the
inflation rate there.

In addition, supply shocks
such as harvest failures or
OPEC fuel price increases
also temporarily bid up
inflation rates.

But such shocks also
represent reductions in the
ability of the economy to
produce output.

To the extent that indexing
automatically raises
demand in the economy in
response to inflation
generated by tax increases
or supply shocks, we may
be institutionalizing a
destabilizing influence on the
economy.

In conclusion, I believe
that:

a. There are certain
situations—especially those
involving supply shocks—in
which indexing seems
particularly inappropriate,
since indexing serves to
maintain or stimulate
demand in the face of
reduced supply.

b. The CPI is a particu-
larly inappropriate index
for measuring inflation. As
more sectors of the economy
are indexed to the CPI, there
is a potential for
institutionalizing to the extent
that the CPI overstates the
economy's true inflation
rate.

record by its 80-inch hot strip
mill. For May, the depart-
ment produced 515.6 net tons
of coils per hour, breaking
the old record of
490.3 tons per hour operated
in March of this year.

A yield percentage record
for the department was also
broken in May.

GC Steel president James
Stack complimented the
people of the hot strip
department on their latest
achievement. Although the
hot strip mill has been
operating only on alternate
weeks lately, the May
records indicated teamwork
and dedication by the
production and maintenance
people.

Downtown

(Continued from Page 1)

will result in a tax increase," Whitmer said. He asked David Nolan, administratively aide to Mayor Paul Schuler to explain what has been done about city participation in a plan for downtown improvements such as a "parking garage, new downtown office buildings, sidewalk improvements, a shopping mall and other developments that could be made under the financing plan."

Whitmer told Nolan the council should be kept updated "from meeting to meeting" on what is being considered in the downtown improvement program.

Nolan told the aldermen that no figure has yet been determined concerning the city's share of the cost but that further meetings between the city's Rehabilitation Board and Chamber officials are planned to discuss the program in more detail.

"There is no definite move toward bonds as a means of financing," Nolan said, explaining that "the issuance of bonds under the new tax increment plan was only mentioned in a meeting as one of the possible means of financing." He said council members will be informed fully of all details as the program develops.

Whitmer said, "Knowing the temper of most of the council members when it comes to issuing general obligation bonds, I would say there's not much chance that a bond issue would be approved, even if we were asked to provide financing through bonds."

The new financing plan does not call for new taxes to be levied in the city or the district, but provides the extra taxes generated by the district's growth in assessment be used to pay for the improvements.

The law allowing TIF has been in existence about a year and was held constitutional by the Illinois Supreme Court earlier this year.

Troubled youth

(Continued from Page 1)

and more state cooperation is what is needed, along with a stronger state role in research, planning and setting of standards. Increased accountability of service providers also is needed," Thompson said last week members were selected for their experience in youth services and their records of

involving families and communities in grappling with the problems of youth.

The governor asked the committee to recommend to him by Nov. 15 alternative approaches to serving the state's troubled adolescents.

Each approach will include recommendations for reorganization of

state services, as well as proposed new funding arrangements. Possible new legislation will also be discussed.

Chairman of the 15-member task force will be Dr. Harold Richman, former dean of the School of Social Service Administration, University of Chicago.

Group formed to discuss long strike

An informal group has been formed, hoping to help resolve the two-month strike at the A. O. Smith Corp. in Granite City.

The group has met with Smith representatives and hopes to meet soon with Auto Workers leaders, who were out-of-town last week attending the national union convention in Anaheim, Calif.

The union has called for pay equal to Smith's Milwaukee plant. The company has said normal car frames are being phased out, and that the local plant must be kept competitive in order to bid successfully for other types of work.

Granite City would be willing to sponsor an industrial bond issue for retooling the A. O. Smith Corp. plant here to produce smaller automobile frames or other products, company and union officials were informed in letters sent out Thursday by Mayor Paul Schuler.

Schuler also offered any assistance his office can give in resolving the current labor stalemate. United Auto Workers, Local 1715, has been on strike against the local plant since April 8. In letters to Plant Manager Paul

Kelly and to Willard Herzog, business agent for Local 1715, Schuler states, "As mayor of the city, I am deeply concerned about the effects of the continuing labor dispute at the A. O. Smith plant."

"This plant is one of the largest employers of our city and the effect of a continuing strike on our economy and on the lives of those of our citizens who are unemployed because of the strike are devastating."

"In an effort to resolve the dispute, I will be glad to lend the assistance of my office as a meeting place for the parties to come together to settle the differences."

"I further propose that the proceeds of an industrial bond issue be made available for any changes that have to be made in the machinery in the changeover from the present type car frame to any other type of frame."

"I have also today contacted our state senators and representatives as to any benefits that he made available to the families of the workers during the period of the strike to alleviate their economic hardship."

"If I can be of any further service,

don't hesitate to contact me," the mayor's letter concludes.

The city has utilized industrial bond issues to aid several companies; in remodeling and expansion programs, including construction of the Faraday plant, additions to St. Elizabeth Medical Center, modifying the old Commonwealth plant for Michigan Metals Corp., and Granite City Steel expansions.

A. O. Smith has been experiencing decreases in business in recent years as the high price of gasoline has forced car buyers to purchase smaller cars. Only frames for full-sized General Motors cars and station wagons have been produced at the local plant.

Despite the strike by the United Auto Workers, A. O. Smith is to begin contract talk Wednesday with members of the International Brotherhood of Electrical Workers Local 399 and Machinists District 9.

Even if all labor contracts are settled by the near future, only maintenance personnel would be called back to work, due to the lack of demand for full-sized auto frames.

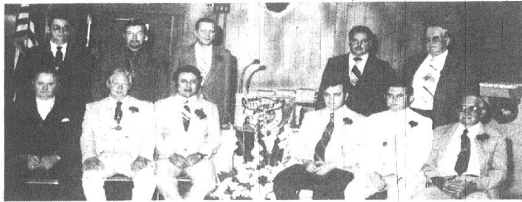

Bible school at Suburban Church

Suburban Baptist Church, St. Clair Avenue and Maryville Road, will hold vacation Bible school June 16 to 20.

Children aged three years through the sixth grade will attend from 9 a.m. to 11:30 a.m. Youths of junior high and high school age will attend from 7 p.m. to 9 p.m.

All children in the community are welcome to attend, the Rev. Harold D. Garrett, pastor, said.

Lincoln Place reunion in July

By GARY SCHNEIDER

of the Press-Record
Just like everyone's Irish on St. Patrick's Day, everyone is being invited to be from Lincoln Place for the Lincoln Place reunion July 11 to 13.

Special guests will be the members of the 1940 Granite City High School state championship basketball team. All ten of the players have given tentative word that they will attend.

The weekend will begin Friday night, July 11, with an informal gathering at St. Mary's College (pool hall), 301 Niedringhaus Ave.

That Saturday, there will be a dinner dance at St. Mary's Hall, Alton and Washington avenues, Madison, with a social hour at 6 p.m., dinner at 7, a program at 8 and dancing to the music of Johnny Karoly's Big Band All Stars from 9 p.m. on. Tickets are \$10 a piece for the dinner and dance.

Sunday, July 13, will feature a parade, festival and dancing throughout Lincoln Place. The parade will begin at 1 p.m. from Granite City High School

South to the festival site surrounding Niedringhaus and Maple avenues. There, a wide variety of ethnic foods, music and entertainment is being planned.

Among the serving booths are the Lincoln Athletic Club with beer, the Armenian Mr. and Mrs. Club with shishkabobs, the Armenian Ladies Guild with baklava and bureg and the Mexican Honorary Commission with tacos and tamales.

St. Cy and Method Church will have a booth offering gyros, cheese zelnik and baklava. Holy Trinity Orthodox Church will offer spinach zelnik and gorbobe. The Mothers' Club will serve Hungarian pastries and the Italian-American Club will offer Italian sausage.

Corn on the cob will be available from the Lincoln Place Arbor Club and local Cub Scouts will have a snow cone booth.

Members of the 1940 basketball team who have tentatively said they will attend are Ed Hoff, Andy Hagopian, George Gages, John Markarian, Everett Daniels, Andy Phillip, Ebbie Mueller, Evon Parsagarian, Danny Eftimoff, Sam Mouradian and the former team manager, Harold Brown.

Loot plant construction site

Contractors for the Pro-Cut Metals plant under construction at Route 3 and Schaeffer Road are conducting an inventory to determine what was taken when the construction site was looted between 5 p.m. Thursday and 4:25 a.m. Friday.

A policeman on patrol noticed that the emergency flashers on a crane were operating. When he investigated, he found all of the trailers had been entered, or damaged in an attempt to enter them.

Six construction trailers were broken into and small hand tools and tool belts were scattered on the ground.

Two windows to the Ralph

Korte Construction Co. mobile home office on the lot also were broken and entry was believed gained by crawling through one of the windows.

Honor 1st June babies

Dr. Harold Toussaint, a Granite City obstetrician, just may be the material winner in this year's Dairy Month presentation of gifts by the Madison County Young Farmer's and Madison County Farm Bureau.

The program annually honors the first baby born in June at St. Elizabeth Medical Center and Oliver C. Anderson Hospital in Maryville.

On Sunday, June 1, Dr. Toussaint delivered the first

babies to be born in June at both medical facilities.

For this achievement he received the traditional gift bestowed upon the attending physician, the equivalent to the weight of the two infants in blocks of cheese.

At 12:09 a.m. June 1, Mrs. Beverly Brown of Belleville gave birth to a daughter, Shannon, at St. Elizabeth Medical Center. The infant weighed eight pounds, one ounce.

More than 10½ hours later, at 10:58 a.m. June 1, Mrs. Jack (Judy Jackson) Merritt, 35 Iris Ave., Pontoon Beach, became the mother of Amanda "Mandy" Marie, weighing seven pounds, 12 ounces, at Oliver C. Anderson Hospital.

Baskets of dairy products were presented to the new mothers Tuesday at St. Elizabeth Medical Center and Oliver C. Anderson Hospital by representatives of the Madison County Young Farmer's group.

Not forgotten at the

bedside ceremonies was Dr. Toussaint, who received an aggregate amount of cheese, weighing 15 pounds, 13 ounces.

Reunion for 1965 Venice graduates

Graduates of Venice High School for 1965 are being sought for a fifteen year reunion. The class members were: Donald Agers, Pat Austin, Jerry Bartlett, John T. Bravley, Michael Britt, Diann Clayton, Charles Dandridge, Gary Ebersold, William Getz.

Marilyn Gorman, Dale Griffin, John Hackney, Donna Hawkins, Larry Hill, Grace Hogan, Earline Hundley, David Isaac, Patsy James, Edward Johnisse, Shelby Jones, Jaklyn Kampman, Ralph Koelker, Catherine Levy, John Logan, Richard McIntosh, Donna Nash, Virginia Pace, Evelyn Ritz.

Stephanie Salmond, Mary Donna Scaturro, John Shambro, Lonnie Sherfy, Pamela Smith, Roxie Taylor, James W. Turner, Dianne Wilcox.

For further information, these persons, or their relatives, are advised to call the high school office (452-5348) or write to John Shambro, P.O. Box 1978, Columbus, Ohio 43216.

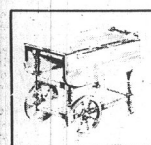

FIRST JUNE BABY born at St. Elizabeth Medical Center was Shannon Brown, held by her mother, Mrs. Beverly Brown of Belleville. The infant's arrival at 12:09 a.m. June 1 enabled her mother to receive various dairy products from the Madison County Young Farmer's Association in observance of Dairy Month. From left to right are Elizabeth Gramates, R.N., supervisor of the Obstetrics Department; Susan Mueller of Madison and Coral Relleke of the Granite City, both representing the Young Farmers, and Dr. Harold Toussaint, the attending physician, who received a block of cheese equivalent to the infant's weight—eight pounds, one ounce.

GC wage hikes at issue

THEFT FROM AUTO

Janice Myatt, 2929 National Ave., reported last week that jewelry worth about \$36 had been stolen from her car, parked in the lot of the Kroger store. She said somehow the thieves unlocked her car door and took a mother's ring, an engagement ring and a gold watch, all with diamonds, from a small box under the front seat.

A plan to offer union city employees a wage hike of 8 percent during the current fiscal year and 9 percent in the first six months of next year has been developed by Granite City officials in an attempt to complete new working agreements, it was reported this week.

The revised formula also calls for an additional wage hike of 3 percent as of Nov. 1, 1981, mid-way through the 1981-82 fiscal year, and another 1 percent on March 1, 1982, the Press-Record learned.

The City Council's negotiating committee, headed by Fred "Pat" Schuman Jr., has been involved in contract talks with representatives of the police and fire department unions since early this year, but has declined to meet a union demand for raises of 8 and 12 percent in a two-year contract because of the possibility the city would be unable to meet the commitment for the second year of the agreement.

This year's contract which would be extended to other city employees, retroactive to May 1 this year, also is

expected to include wage increases of 12 percent for ambulance drivers this year and an additional 12 percent next year.

Schuman and the other members of the negotiating committee, Aldermen Warren Decatur and Paul Fisk, are expected to meet with union representatives within the next week.

City officials have been cautious of wage hike

commitments this year because of the uncertainty that the government will continue federal revenue sharing funds to cities.

Granite City has been using more and more revenue sharing income for salary purposes and officials admit they could be in financial difficulty if revenue sharing allotments were discontinued.

GC bookmobile summer schedule

The summer schedule for the Granite City Public Library's bookmobile will begin Monday, June 16, and continue through Aug. 15. No service is planned Friday, July 4.

The bookmobile will run on a weekly rotating schedule as follows:

Monday—Wilson School, 9 a.m. to 1 p.m.
Tuesday—Nameoki School, 9 a.m. to 1 p.m.
Wednesday—Webster School, 9 a.m. to 12:45 p.m.; and Anchorage Homes, 1 p.m. to 3 p.m.
Thursday—Logan School, 9 a.m. to 1 p.m.

Friday—St. Elizabeth School, 9 a.m. to 4:30 p.m.
Each weekday morning, starting at 10 o'clock, bookmobile patrons may attend a story hour and film program, according to Carole Canady, bookmobile librarian.

At 1 p.m. Friday, at the St. Elizabeth School site, a program will be presented for youngsters in the upper elementary through junior high age level.

The bookmobile carries books for adults, young adults and children, as well as story cassettes of award-winning children's books.

Steal moped, bikes from schools, homes

"It's that time of the year," an employee of the Granite City Police Department commented Wednesday, noting the increase in the number of bicycle thefts being reported to authorities.

Six bicycles and a moped, a mechanized machine, were reported stolen Tuesday and early Wednesday. Another bicycle worth \$200, also reported taken, was recovered by the owner not far from his home.

Extra precautions should be taken by young bicyclists leaving their machines near playground areas and outside residences, a police officer said.

Harrison Hooker, 2301 Cardinal Ave., reported at 3:35 a.m. Wednesday that a silver Moped with black lettering valued at \$450 was stolen from the driveway where it had been locked by a chain and padlock, to a camping trailer.

Six minutes after the report was made, an officer stopped and questioned an 18-year-old youth riding a Moped on Ridgedale Avenue, near East 24th Street, who reportedly was acting "strange."

Ownership of the machine was not immediately

determined and the man was released pending further investigation.

Arthur E. Menendez, 3261 Willow Ave., reported at 11 p.m. Tuesday, the theft of two 10-speed bicycles—a blue AMF and a brown and white Huffy—from his garage. Value of the machines was over \$200.

Telen Wilson, 1815 Edison Ave., said at 1:50 p.m. Tuesday that a thief used a bolt cutter to steal a 10-speed purple bicycle, valued at \$95, which was secured to a pole.

A second machine, a blue 10-speed worth \$95, belonging to Ron Pointer, also was stolen from 1815 Edison Ave. A bolt cutter was used and the theft was reported at the same time.

David Sheikh, 2552 Westmoreland Drive, reported at 2:50 p.m. Tuesday that his 12-speed maroon bicycle was stolen from the bike rack at Granite City High School North.

A black Huffy bicycle valued at \$120 belonging to Vance Morgan, 3239 Maryville Road, was taken from the bike parking area at Frohardt School, it was reported at 6:05 p.m. Tuesday.

Arrest cyclist after chase

Atha T. Bugg, 20, of 2723 Warren Ave., faces six charges after police alleged chasing his motorcycle at high speed from Kirkpatrick Homes at 2:10 a.m. Thursday.

Patrolman Michael Murgie said he followed the cycle through the housing project and onto Nameoki Road. At the traffic light at Nameoki and Victory Drive, the cycle raced its engine, creating excessive noise, Murgie alleged.

Murgie then turned on the squad car's red lights and shined a spotlight at the motorcycle rider, who sped away at a high rate of speed, north on Nameoki Road, it was alleged.

Another officer blocked the northbound lanes of Nameoki Road at Eddie's Lounge, 2900 Nameoki Road, but the cycle went around the roadblock and the chase continued at speeds near 75 miles per hour, according to official reports.

Several squad cars chased the cycle north on Nameoki Road, east on Johnson Road and south on Westchester Drive, until the cycle drove across a field toward St. Clair Avenue, it was alleged.

Sgt. Glen Wright positioned his squad car on St. Clair Avenue and was able to stop the cycle at St. Clair and Wayne avenues.

Patrolman Donald Petrillo reported his squad car struck a curb during the chase, damaging a wheel.

Bugg was taken to the Granite City Jail and was charged with speeding (75 mph in a 35 mph zone), causing excessive noise, reckless driving, fleeing

from police, failing to have a city sticker and criminal trespass to property for allegedly being in Kirkpatrick Homes without permission of the housing authority.

Car overturns

Charles Brinza, 21, of 1017 Alton Ave., Madison, and a passenger in his car, Richard Tutka, 26, of 1826 Skeen St., Madison, were injured in an auto accident last week at the curve in the 4700 block of Lakeview Drive, Pontoon Beach.

Madison County sheriff's deputies were told that Brinza's small foreign car went out of control, slid sideways for about 75 feet, left the roadway, struck a railroad tie and overturned in the yard at 4709 Lakeview Drive.

A third man in the car, Mitchell Abbott, 22, of 5140 Old Alton Road, escaped injury.

The driver and Tutka were taken to St. Elizabeth Medical Center where they were released after treatment. Tutka, who was thrown from the car during the accident, was treated for pain to the ribs and left thigh.

Brinza suffered small cuts to his head and abrasions to his right shoulder.

Madison County sheriff's deputies ticketed Brinza, alleging he was driving too fast for conditions.

STEREO, TV STOLEN

Stereo equipment, a television set, two speakers and a record album, all valued at \$1,444, were stolen from the home of Sherrill Longo, 2343 E. 24th St., between 4:30 and 10:45 p.m. Monday. A door was kicked open and a hole was gouged in a living room wall.

YMCA executive director begins duties

By PAT FOLEY
of the Press-Record
David L. Femrite, 36, has assumed his duties as the new executive director of the Tri-City Area YMCA, replacing Paul Grennell.

Femrite, a native of North Dakota, began his new job on Thursday. He received his bachelor of arts degree from Jamestown College, Jamestown, N.D.

He taught history and psychology for one year at the high school level while also serving as a basketball, football and track coach. After his brief teaching career, he moved to Rochester, N.Y., where he worked for the YMCA for 12 years.

His next assignment with the "Y" was in Pittsburgh, Pa., for two years as a branch executive. He came to the Quad-City area from Pittsburgh.

His wife Sue and their two children, Andrew, 13, and Holly, 11, will be moving to Granite City in the next few weeks.

Grennell left the local "Y" in February of this year to return to his hometown of Ithaca, N.Y., to head the YMCA there.

responded happily. "Your honor, may we shake hands with the jury?" When the session was over, Green and Degrand's friends and relatives thanked members of the jury, some giving the jury members hugs.

Several jury members said that the majority of the nearly five hours of deliberations centered on how much money should be given Green, not whether or not the memo was the actual cause of Green's downfall.

One jury member was overheard saying it was like a union negotiator getting everyone to agree on a dollar amount for actual damages and for punitive damages.

Cox said he was disappointed that the

jury had not given more time to studying the 80 documents in evidence and to studying the defense position that the memo was a privileged communication, for which the reporters and newspaper could not have been sued.

He said the Telegraph board of directors will decide whether to appeal the judgment, but he feels there is a good chance the appellate court would overturn or modify it.

Carr termed the judgment "A super verdict by a super jury." He left Friday on a well-earned vacation.

Green told the Press-Record he expects to be in court again in the next few weeks to try to regain ownership of

some of the properties near Belleville he lost when his credit was cut off.

Other lawsuits pending in connection with the case include suits by local real estate developer John Sobol and financial advisor Ray Kozielek against the Telegraph scheduled to be heard later this summer. Both were named in the Melosi-Lotka memo as having received large amounts of loans from Piasa.

Those suits will be followed by a suit Degrand has filed against the Telegraph, which alleges the memo was responsible for his decline from the highly-respected and well paid vice-president of Piasa to being unemployed and losing the respect of the people of Alton.

HAROLD GARRETT

Garrett earns doctoral degree

The Rev. Harold D. Garrett, 51, of the Suburban Baptist Church here, received the doctor of divinity degree from the Southern Baptist Theological Seminary in the seminary's 145th commencement Friday at Louisville, Ky.

Sir Cyril Black, internationally known British Baptist from Wimbledon, England, was the speaker at the graduation ceremony for the nearly 300 receiving degrees from the three graduate schools.

Founded in 1859, Southern Seminary is the oldest theological institution in the Southern Baptist Convention and is the largest independent college or graduate school in Kentucky. Duke K. McCall has served as the seminary president since 1951.

The new seminary graduate holds a previous degree from William Jewell College.

Tries to sell stolen ladder

A charge is pending against a 19-year-old Madison man who allegedly stole an aluminum stepladder and within minutes tried to sell the ladder to another man.

John Dutko, 1718 Market St., Madison, said two men on bicycles were seen at the rear of his garage by a neighbor, who reported one of the men went onto Dutko's property and removed a stepladder. The man's description was given to police.

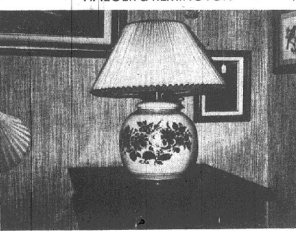

A few minutes later, a person in the 200 block of Madison Avenue said a man tried to sell him a stepladder for \$5. The ladder was recovered and returned to the owner.

12 Madison teachers are re-employed

In one of the shortest meetings on record, the Madison School Board rehired 12 teachers for the 1980-81 school year on Thursday night. The board also gave tentative approval for a summertime outdoor roller skating program in the Blair area.

The meeting was chaired by Frank Eaves due to the absence of board President Sam Dymas. Eaves was presented a plaque for his service to the school district.

Other board members present included Mrs. Billie Jean Bosworth, Don Garrett and Richard Zeisset. Paul Bargiel and Edward Newsome were absent along with Dymas.

A letter was read by Superintendent of Schools John Palchiff from Evon Douglas, who requested use of the Blair School playgrounds and an electrical hook-up.

The letter explained that she proposes using the playground on a daily basis for one month—July 1 through Aug. 1—to conduct a roller skating program for younger children and teenagers.

Since the school will not be open, as summer school classes will have ended by then, an outside utility pole would be used for the electrical hook-up for providing music, so that the school building would not have to be unlocked daily.

Palchiff said he explained to her that an insurance policy would have to be secured for liability of injuries before the board would consider approval of the playgrounds for the program.

In her letter, Mrs. Douglas stressed that she will provide adequate supervision for the program. It was noted that the children will be divided into three age groups which will meet at different times. These divisions are: younger children from 10 a.m. to noon; children ages 8 through 13 from 1 to 3 p.m.; and those 14 and older from 5 to 7 p.m.

Since music will be used, she said she canvassed the adjacent neighborhood and found no objections from the residents, stressing the 7 p.m. finishing time.

The board then unanimously approved use of the school playground for the skating program upon the securing of a suitable insurance policy.

The board voted unanimously to rehire three

second-year teachers for the 1980-81 year. They are Donna Reeves, Cynthia Kolakowski and Georganne Duffy.

Also rehired by the board for the next school year were the following first-year teachers: Herbert Condray, Petrice Burrell, Charles Jackson, Tom Tucker, Barbara Cox, Don Smith, Deborah Goldenberg, Georgia Stawar and Ronald Crader.

Lights at the Junior High on Second Street were discussed, as reports have been received that the lights have not been coming on at night. Eldon Rhoads, maintenance supervisor, said the lights are to come on at 9 each evening and that he will check the timer system.

Bids were awarded on

first-aid supplies. The bids were received from three companies and the lowest priced items meeting the specifications of the school district will be accepted.

A resolution was approved by the board on the prevailing rate of wages in the district. The resolution is expected to be acted upon during a June meeting. The topic had already been discussed by the board and tentatively approved at a May meeting.

Eaves was presented a plaque by Supt. Palchiff "in recognition and appreciation for many years of dedicated service to the children of Madison School District 12," also acknowledging his most recent three-year term on the board.

Motorcycle crackdown in Madison County

State Police Superintendent R. J. Miller had announced that enforcement will be stepped up in the area of motorcycle operator licenses violations in Madison County and nine counties.

His decision was based on a comprehensive study conducted by the Illinois Department of Transportation, which revealed that of all motorcycle

operators killed, 35 percent were unlicensed or not classified to operate a motorcycle.

Deputy Superintendent William D. Pierce said, "Special emphasis on enforcement will be applied in the counties that have an exceptionally high motorcycle accident frequency. These are Ogle, Lake, Kane, Cook, Will, Peoria, Sangamon, Macomb, Madison and Jackson."

Supt. Miller added that the "enforcement action is an important part of our work to suppress the upward trend of fatal and serious injury accidents involving motorcycles."

Arrest in disturbance

Dana R. Wallace, 21, of 2817 Sunset Drive, was charged with resisting arrest and disorderly conduct in state complaints after he allegedly fought with police at Jacobsmeyer's Tavern, Edwards Street and August Avenue, at 1:05 a.m. Friday.

Patrolman Jerry Duncan saw Wallace in the tavern and knew there was a traffic warrant outstanding for his arrest.

When Duncan approached him and told him he was under arrest, Wallace allegedly said Duncan would have to carry him out. Other officers arrived to aid Duncan with the arrest, but during the struggle Duncan was punched on the face, it was alleged.

Wallace was taken to the Granite City Jail and lodged.

MAY MEETING OF SILVER BELLS

The May meeting of the Silver Bells Senior Citizen Club was opened with Mrs. Pearl Jackson leading a special song and the Rev. Sammy Hooks giving the opening prayer.

President Marion Gueist was in charge of the session and all officers and committee chairmen gave reports as well as noting members who are ill.

The meeting today will be held at Lee Wright Homes and will continue to be at that location through August according to the president. Birthday honors were accorded to Janie Robinson, Cornelius Owens, Alice Harris and Kathleen Moore.

Creek sentenced in fatal collision

Jimmy L. Creek, 42, of 2101 Louisa St., was sentenced Friday in Madison County Circuit Court to serve 364 days in prison after a jury last month found him guilty of driving while intoxicated and reckless homicide.

It is alleged Creek was driving west on Route 162, one-half mile east of State Aid Route 35 Nov. 19, 1978, when Creek's auto collided with an eastbound car. Mrs. Faye Agnes Lee, 64, of Pontoon Beach, a passenger in the eastbound auto, was fatally injured in the crash and her son, David Lee, was hurt.

It was alleged Creek was intoxicated at the time. Associate Judge P. J. O'Neill dismissed the reckless homicide charge against him in January, citing failure by Illinois State Police to send a trooper two preliminary hearings two weeks apart.

However, Creek later was reindicted on the charge and was found guilty last month. Circuit Judge Victor J. Mosele ordered him to serve a year in prison on the reckless homicide charge and a concurrent 364 days in prison on the driving while intoxicated charge.

Raped at home

A young woman who resides on East 24th Street told police that she was raped in her home about 3 a.m. Friday.

She was asleep when there was a knock on the front door. She saw two men she knew and allowed them in when one of the men said he would like to use the restroom.

When he emerged, he motioned her toward the bedroom. She related. She refused and he grabbed her and pulled her into the bedroom, where he ripped her clothing and raped her, she said.

The other man, who had been in the living room during the rape, then entered and asked for favors, but she refused, she related.

The men left about 3:30 a.m. but returned a half-hour later and tried to enter the home. The victim said she cried and asked them to leave, and they agreed.

She contacted police, who began a search for the two men for questioning.

\$19,200 FIRE HERE

Fire caused an estimated \$19,200 damage to a house being remodeled at 2105 Illinois Ave., at 12:45 a.m. Sunday. The home is owned by Jim Dine. Firemen were unable to determine the cause of the blaze. Damage was estimated at \$15,000 to the building and \$4,200 to its contents. Firemen were on the scene one and one-half hours.

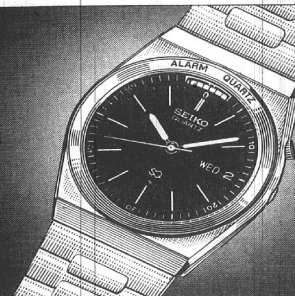

They then looked in his car and found the loaded gun, they reported. It had not been fired.

Donnie Sherrell, 124 Carver St., Eagle Park Acres, said he was talking to Belford in Venice and alleged Belford turned the wheels of the car he was driving and hit Sherrell with the car.

He then walked to Sherrell's motorcycle and struck the headlight with the tire iron, breaking it, it was alleged.

Sherrell next arrived and shots were fired at him, police were told. Both Belford and Wright were held in the Madison Jail.

possible education to local citizens. Sasyk said he is confident that the building will enable teachers to teach better and children to learn more.

Harold E. Briggs, superintendent of the educational service region, Madison County, also praised the cooperation of the city, the school district and the citizens, both before and since the groundbreaking of the new school No. 28, 1977.

"This is truly a city-wide community project. It involved the citizens, the Citizens' Advisory Committee, the school board, and it involved the city administration."

"I believe it takes three things to have a successful school," Briggs said,

adding, "First, you have to have a committed Board of Education. Second, you need a dedicated administrative team, and third you need a skilled staff. You have all three in this building."

Mrs. Billie Bosworth, board member, gave the address officially turning the building over to its new principal, Earl McClanahan. Other board members present for the turning over of the building were Frank Eaves, board treasurer, and Richard Ziesel.

Also introduced were the staff members of the new school. The school will be Charles McCaskill, assistant principal, and teachers James Beattie, John Bridick, Herbert

Condray, Barbara Cox, Willie Dennis, Michael Garland, Nancy Goodwin, Waneta Graham, Dorothy Patton, Margaret Rehagen, Andrea Shepard, Elaine Shipps, and Alvin Vonderhaar. Secretaries are Joyce Walker, and Etta Mae Banks and other employees of the school include Robert Jones, William Jenkins, Tom Cass, Eleanor Barger, Edna Ragsdale, Cecilia Pingel and Opal Sipes.

Following the ceremony, the public toured the building and was served refreshments in the cafeteria.

Henry Gabriel and M & W Associates were architects for the building, which was constructed by the L. Wolf Co.

Strike is threat to plant's future—Kelly

A. O. Smith Plant Manager Paul H. Kelly today wrote to Granite City Mayor Paul Schuler that "we too are deeply concerned about the effects of the strike. It has already cost our employees and the Granite City economy many millions of dollars."

"Its continuance is a serious threat not only to the immediate future but to our ability to secure contracts to produce the components of new and smaller cars which will be introduced in 1983 and 1984."

"What is needed is an immediate resolution of the strike so that we can reassure our customer of prompt delivery of 1981 model station wagons, sedan frames. We will be in a position to compete for future contracts."

"A changeover to new types of frames is not immediately feasible because there just is no new 1981 or

1982 model business available. "We are in contact with all American manufacturers of automobiles and will certainly study how your offer of financial assistance through an industrial bond issue could be utilized."

"We welcome your offer and will cooperate to the best of our ability."

Woman seen cutting tires

Rick Wallace, 2440 Terminal Ave., told police he was the victim of two burglaries and a tire slashing Friday and Saturday.

Wallace said he was driving home at 9:45 p.m. Friday, he noticed a woman near his parked pickup truck in front of his house. He appeared to be taking something into the tires.

By the time he arrived at the truck, the woman was leaving in a yellow car with another person driving, he related.

He discovered both front tires of his car were damaged and his house had been burglarized. Missing are a 38 caliber revolver worth \$200, a 20-gauge shotgun worth \$90 and about \$300 in cash.

Wallace said no signs of forced entry to the house, so Wallace changed all of the locks Saturday morning, in case someone had gained access to a key to one of the doors.

Sometime between noon and 11 p.m. Saturday, Wallace said, someone broke a window to gain entry to the house again and took three more items, a large amount of cash and about \$50 worth of checks.

Summer quarters for Venice seniors sought

By GARY SCHNEIDER
of the Press-Record

Concern that Venice senior citizens have no where to meet during the summer was expressed by Venice aldermen during Tuesday night's city council meeting, but no solutions to the problem could be found.

Each summer, the Venice Park District uses the recreation center for park programs, so it is not available to the senior citizens, who are used to meeting each Tuesday in the center.

Mayor Tyrone Echols said the senior citizens would be welcome to use the city council's chambers in the city hall, but they would have to climb the stairs to the second floor room, and Alderman George Mangiaracino said that has been the main problem during past summers, since many of the elderly cannot climb stairs.

Mangiaracino said several halls in churches and other locations have been offered to the senior citizens, but none can be reached by those in wheelchairs or unable to climb stairs.

Mayor Echols said he believes federal grant funds are available to remodel any existing building in the city for a full-time senior citizens' center, but he has been unable to find any available buildings which have large enough meeting rooms on the main floor.

"I do not believe we could get a large enough grant to build a building from the ground up," he added.

Mangiaracino suggested the mayor talk the park commissioners about allowing the senior citizens to continue using the recreation center on Tuesdays, but Echols responded, "They have five elected park officials. I doubt very much if they would listen to me."

The council also heard a letter sent by the senior citizens' organization to United States representatives and senators representing this area asking them to support the

continuation of the federal revenue sharing program. The letter noted that revenue sharing is used by the city to support most senior citizens' activities and transportation. The funds aid many handicapped, in addition to the elderly.

It also recommended that the revenue sharing funds continue to be controlled by the local officials. Echols said he and other city officials recently attended a meeting with U.S. Sen. Melvin Price on revenue sharing and Echols commented, "The turnout was ridiculous. There was only a handful of people in that large room."

He said local mayors are writing letters supporting the continuation of revenue sharing. Mayor Carl Officer of East St. Louis plans to hand carry the letters to Washington, D.C., next week.

"We need revenue sharing. Even if they just take it from the state, it is used to support schools and that would just drop right back on us. With our assessed valuation what it is, we are operating on zero."

He urged all of the aldermen and citizens present to write to their senators and representatives in favor of continuing revenue sharing. "It's election time. It's time to call on them," Echols concluded.

The council voted unanimously to give four firemen \$300 each for expenses in attending the University of Illinois Fire College June 5 to 8 in Champaign-Urbana. Firemen Ron Brawley, Larry Seldon, Thomas Brent and Gary Wallace are to attend the college.

Echols said that in past conventions and training seminars in the state, expenses have always been close to \$300, so he felt it would involve less bookkeeping and problems, if those attending such sessions receive a flat \$300 for expenses.

However, Echols warned, "This will go down the line

for police, city officials and everyone else. Anyone going to any training session or convention, including the aldermen, will receive the same amount."

The council denied the four firemen permission to use the fire department's van to go to the event, saying the \$300 should cover their transportation.

The slow pace of the renovation of homes in the city, a program funded and controlled by the county's Community Development office, was questioned by several aldermen.

City Comptroller Pawnee Riggs said seven or eight of the homes have been renovated and the county currently is inspecting six houses for possible renovations.

Echols said he felt the problem last year "for which we took a lot of flack," was that the work crew was "green" and lacking experience, so the work went slowly. "I recommended last year that they put it out for bids and let professional people do it."

Echols said he will write a letter to Community Development, urging them to try and speed up the renovation program, if possible.

The Community Development program to demolish condemned buildings also was discussed. Echols said the money is available now, but the list of buildings ready to be demolished has not been found since former City Attorney Harry Hartman died. He said a new list is being prepared and work should start in August.

BPW Investment Club aids youth

The Granite City Business and Professional Women's Investment Club will finance the attendance of two handicapped children at a summer camp for Special Education campers.

Mrs. Kay Hahne, president of Parents for Special Education, Region I, announced receiving a check for \$210 from the business women.

It is the third such gift from the investment group, which makes the presentation in memory of Mrs. Genevieve Grady, an active club member who died May 6, 1976.

The money will sponsor two children for a one-week stay starting June 29 at Camp Little Grassy, near Carbondale.

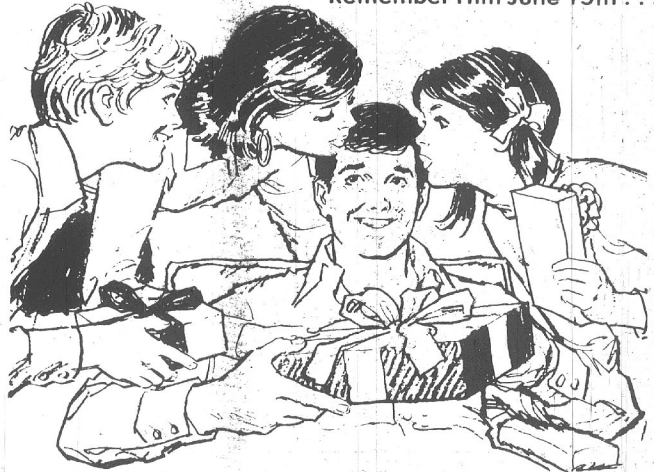

MIKE TOUNDAS,

who was among only nine of 1,100 State Farm Insurance agents in Illinois to receive the company's Hall of Fame award for selling more than \$1 million in insurance policies during the first quarter of 1980. Toundas sold \$1.2 million worth of insurance during the period. A bronze plaque in his likeness will be placed in the company's headquarters in Bloomington, Ill.

YOUTH IS ARRESTED
Barry L. Hutchinson, 17, of 2731 Warren Ave., was charged with public consumption of alcohol and being a minor in possession of alcohol after police alleged he drank beer in the 3700 block of Kirkpatrick Homes and threw the bottle hard on the street surface, attempting to break it, last week. When police asked him for identification and ordered him to get into a squad car, he allegedly ran away. A short time later, police alleged seeing him enter an apartment in the 3700 block of Kirkpatrick.

ANNUAL TACKY DAY PARADE at Frohardt School turns off of Wabash Avenue heading towards the school for an assembly. Accompanied by Granite City police, the parade left the school and traveled north on Wabash for several blocks and then south back to the school grounds. Tacky Day is designated at the end of the school year when the students and

teachers are allowed to wear whatever they wish. During the day, an election was held to decide upon a name for the school's wildcat mascot. Ballot results showed Willie the Wildcat was the favored name. This was the fifth such Tacky Day and parade.

E. A. KARANDIEFF
Chairman
Granite City Bank

Although at long last we seem to be seeing some signs of turn-around for the economy, there are still several potential pitfalls ahead. Positive signs are the recent cuts in prime interest rates charged by the nation's big banks, the lower monthly increases in the Consumer Price Index and a slowing in the increase of wholesale prices. All these are factors which suggest the pace of inflation is being successfully slowed. Also on the positive side of the ledger are near-record high stocks of fuel reserves and significant decreases in energy demand throughout the country.

Problems that have now moved to the top of the list are recession and unemployment. How severe will these become? Will the government be able to maintain its budget-balancing pledge in the face of political pressures? For now, no one has the answers to these and other pressing questions which can affect all of us. What ever the answers, it's at least some relief to have new questions.

If you have questions about banking services, old or new, we'll be happy to give you an answer. You Can BANK On It!

Day camp, Kiddie camp

The Tri-City Area YMCA, 976-7290, has announced that registration for summer day camp is open, and that persons wishing to enroll may do so at the "Y," 2001 Edison Ave.

Camp begins June 16 and will meet Monday through Friday from 8:15 a.m. to 4 p.m. There will be a total of 10 one-week sessions throughout the summer.

Campers, ages 6 to 8, may attend in odd numbered weeks, while even numbered

weeks are open to 9 to 11 year olds only.

Transportation is provided from the YMCA to the day camp site at the Granite City Army Installation. Activities will include swimming, crafts, sports and games, nature lore, field trips and cookouts. Campers also receive a tee shirt, and a cold drink for lunch.

The cost per weekly session is \$15 for YMCA members and \$20 for non-members. Registration is

not complete without payment of this fee.

For the youngsters not quite old enough for day camp, the "Y" offers kiddie camp. This program is for 3 to 5 year olds and meets at the "Y" on Tuesdays and Thursdays from 9 to 11:30 a.m.

Included in the activities are a swim lesson, crafts, stories and gymnastics. The cost for this program is \$7.50 for "Y" members and \$12 for non-members per two-week session.

Pregnancy and the lungs

(Illinois Lung Association) Breathing difficulties are commonly reported by pregnant women. Until the last months of pregnancy, according to the American Lung Association, pregnancy affects the lungs in highly complex ways. Studies show that 60 to 70 percent of women who are pregnant complain about breathing trouble during the first six months.

In the American Review of Respiratory Disease, published by the lung association, medical specialists report that few of these complaints by pregnant women are correlated with any actual impairment that can be measured by pulmonary function tests.

During pregnancy, however, women inhale more air into their lungs and consume more oxygen. Most pregnant women hyperventilate—experience prolonged periods of rapid and deep breathing. The sensations caused by so-called overbreathing can cause dizziness, confusion and numbness.

Theoretically, says the article, the volume of air inhaled by pregnant women should decrease.

As the fetus grows, the changing position of the uterus elevates the diaphragm, the primary muscle involved in breathing. Ordinarily, this might slow down or constrict breathing. Instead, breathing increases, very early in pregnancy.

And when the fetus is at its largest size, during the last three months, complaints about breathing difficulties usually subside in most pregnant women.

One of the reasons for the hyperventilation, says the article, is an increase in the amount of a female hormone, progesterone, produced by the pregnant woman. The hormone is a stimulant to breathing.

In fact, when the hormone is injected into the muscles of men or women who are not pregnant, breathing increases within hours.

To find out how other complex substances such as cigarette smoke also affect a pregnant woman and her unborn baby, Quad-Cityans may contact the Lewis and Clark Lung association, a spokesman said.

Affirmative action gains at Bi-State

"Women and minorities continue to make gains at the Bi-State Development Agency," according to Gloria Bell, Bi-State's director of affirmative action.

"Between July 1, 1979, and March 1, 1980, the percentage of minority employees at Bi-State rose from 32 to 53 percent of total employees. During that same period of time, minorities comprised 64 percent of total new hires," she continued.

"Women also made gains. Between last July and this March, women comprised 59 percent of new hires, raising the total percentage of women at Bi-State to 21 percent."

"The most significant aspect of the figures is comparison of women and minorities at Bi-State with other employed persons in the St. Louis metropolitan area. In the highest ranking occupational category, officials and managers, 15.4 percent at Bi-State were minorities, compared with 8.8 percent for the entire St. Louis area. Women at Bi-State also showed a higher than average percentage in the top category."

"Bi-State ranked far above the St. Louis area average for minorities in all categories. Here are percentages above the area average, by categories: Officials and managers (plus 6.6 percent); professionals (plus 26.3 percent); para-professionals (plus 32.8 percent); technicians (plus 6.5 percent); office and clerical (plus 31.8 percent); skilled craft (plus 13.4 percent); transportation equipment operatives (plus 44.7 percent); and labor non-farm (plus 41.0 percent). Women at Bi-State were significantly above the average in all categories except professionals and skilled craft."

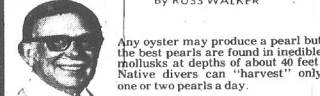

DISABLED AMERICAN VETERANS of Post 53 place a memorial wreath at the plaque on the lawn of the Granite City Hall in memory of deceased veterans. Front row, from left: Andy Gitchoff, senior vice commander; Lena Kalips, commander of the auxiliary; Bertha Kieckler, past auxiliary commander; Lawrence Lockhart, commander, and LaRue Paul, member. Back row, Delmar Groves and Robert Nonn, both members; John Nunes, past commander and Eldon Curt, right, member.

5-year reunion is being planned

A reunion of the 1975 class of Granite City High School North is being planned for Aug. 16, to be held at Engelbert Hall in Madison. A \$5 check in advance is being requested for reservations, and it may be mailed to Class Reunion, P.O. Box 935, Nameoki Station, Granite City, Ill. The advance payment will go towards the ticket price of \$25 per couple and \$12.50 per person. A catered dinner followed by dancing is being planned. More information may be obtained by calling John Royce at 677-6061.

JEWELRY JOTTINGS

Any oyster may produce a pearl but the best pearls are found in inedible mollusks at depths of about 40 feet. Native divers can "harvest" only one or two pearls a day.

Pearls, natural or cultured, are used for rings, necklaces and other fine jewelry. Let us show you our pearls, the birthstone for June.

BIRTHDAY FISH FRY

Carl Robinson of Ferguson Avenue entertained friends and relatives here last week with a fish fry celebrating the birthdays of his wife, Shirley, and Leonard Weeks.

The honorees were presented gifts, and two birthday cakes centered the table.

Those present were Mr. and Mrs. Max Mills and children, Jeffrey, Mark, Mindy, Nancy and Melissa. Mr. and Mrs. Leonard Weeks, Mr. and Mrs. Ron Hall, Mr. and Mrs. Mel Harvon and children, Denise, Kimberly and Bryan, Ed Chapman and the Robinson children, Sally, Patti, Carla, Gary, Margaret, Doyle and Jim, and the grandchildren, Jeffery, Elizabeth and baby J.J.

PRE-WEDDING SHOWER

The Senior Citizens of Chouteau Township honored Walter Sparks and Hazel Thomas with a surprise pre-wedding shower at the Township Hall.

The hall was appropriately decorated with wedding bells and streamers. Quilters of the group presented them with a hand-made quilt, and a money tree was given by the group; 76 people attended.

Mrs. Elva Heyden of San Diego, Calif., sister of the bride, was present and also senior citizens from Glen Carbon, Hartford, Edwardsville and South Roxana. Mrs. Carol McNeely sang several songs, accompanied by her daughter, Shelly, and Mrs. Helen Richardson at the piano.

The refreshment table was centered with two decorated cakes prepared by Mrs. LaRue Crawford and Mrs. June Dinnavatt.

RETURN FROM WEST

Mrs. Gertrude Boyle and her granddaughter, Kathy Krekovich, have returned from Yuba, Linda, Calif., where they visited Mr. and Mrs. Ted Kellerman and family and Mrs. Twyla Kellerman, formerly of Mitchell. They also visited Las Vegas.

Mrs. Minnie Smith of Douglas Place has returned from Bedford, Ind., where she visited her sister and brother.

Mrs. Mamie Elmore of Douglas Place returned home from Decatur, Ill., where she had been visiting her son-in-law and daughter, Mr. and Mrs. Arthur Boyle.

GESTALT TOPIC OF NURSES' WORKSHOP

The Continuing Education Program within the SIUE School of Nursing will offer a one-day workshop June 20 on the Gestalt perspective for nurses in clinical practice. It will be in the Mississippi Room of the University Center from 9 a.m. until 4:30 p.m. Registration is \$25. Instructors for the course are Lee Sommer from the Gestalt Institute in St. Louis and Martha Welch, assistant professor of nursing at SIUE. The Gestalt philosophy views people and their environment as interacting components of a holistic field. Attention will be given to support, growth, thoughts, feelings, sensations and actions.

Angle-Caruso wedding at Sacred Heart

Sacred Heart Catholic Church was the setting for the May 17 nuptials of Miss Renee Katherine Caruso and Terry Lee Angle.

The bride is the daughter of Mr. and Mrs. Dennis Caruso, 2417 Sunbury Ave. The groom resides with his grandparents, Mr. and Mrs. Lee Angle, 2811 Pershing Ave.

The Rev. Maurice Quilligan officiated at the double ring ceremony at 7 p.m. White gladiolas and pom poms and a candelabra adorned the altar.

Margaret Crawshaw and Catherine Cassy provided musical selections for the candlelight ceremony.

For her wedding, the bride selected a white organza Empire style gown. The dress was designed with a sheer yoke traced with silk Venice lace motifs. The slightly flared skirt featured two small vertical rows of matching lace and a scallop design at the lace-trimmed hemline.

She wore an elbow-length mantilla veil edged in matching silk Venice lace

and she held a bouquet of white daisies with baby's breath and streamers.

Matron of honor Sandy Radford, a cousin of the groom, chose a yellow chiffon gown featuring an A-line skirt and bustle. She carried a nosegay of yellow carnations.

Best man was William Radford. Brett Caruso, a brother of the bride, and Randy Cain, a cousin of the groom, seated the guests.

A rehearsal dinner was held at Ralph and Charlie's Restaurant in Madison. A reception followed the ceremony at American Legion Hall.

The bride graduated from Granite City High School South in 1979 and is employed as a secretary at Granite City Realty.

Her husband, a 1978 graduate of South High School, is employed at J.D. Street in St. Louis.

The newlyweds are residing in Mitchell following a wedding trip to Tan-Tar-A at the Lake of the Ozarks.

ENGAGED. Mr. and Mrs. Maloy E. Flinn.

529 E. Chain of Rocks Road, are announcing the engagement, of their daughter, Katherine Lee Flinn and Daniel Keith Rogers, the son of Mr. and Mrs. Robert Rogers, 705 Washington Ave., Madison. The couple has planned a June 21 wedding.

Rollettes meet in New Douglas, Ill.

Members of the Rollettes Club motored to New Douglas, Ill., last week for a meeting hosted by Mrs. Diane Wilson.

Games were played during the evening and prizes awarded to Mesdames Jeannette Wilson, Helen Warfield and a guest, Nancy Eichaeker.

The hostess served a buffet luncheon to those mentioned and to Mesdames Barbara Monroe, Edith Wofford, Reatta Radefeld, Betty Brooks, Kathleen Wofford, Joyce Waller, Judy Gregory and Connie Tinsley. Mrs. Brooks will entertain the group at its next session in her home, 2315 E. 23rd St., it was announced.

OCTOBER WEDDING is being planned by Miss Dawn Theresa Lamb and Michael A. Montgomery. The bride-elect is the daughter of Mr. and Mrs. Henry Lamb Jr. of Alton, formerly of Granite City.

Montgomery-Lamb betrothal

Mr. and Mrs. Henry Lamb Jr. of Alton, formerly of Granite City, are announcing the engagement and forthcoming marriage of their daughter Dawn Theresa and Michael A. Montgomery.

The prospective groom is the son of Mrs. Suzanne Trask of Granite City and the late John Montgomery.

Miss Lamb is a 1978 graduate of Granite City High School South and attended Belleville Area College. She is employed at West End Realty in St. Louis.

Her fiancé also graduated from South High and is employed at Schoenweiss Tool and Die Co. in Wood River.

Couple to marry Saturday

Miss Patricia Vivian and Michael John Awalt will be united in marriage Saturday in a garden wedding at Weiss House in St. Ferdinand Park, Florissant.

The bride-elect is the daughter of Mrs. Rose Vivian of Florissant and the late Karl Vivian. Parents of the prospective groom are Mr. and Mrs. Edgar Awalt, 5104 Rapp Road.

Miss Vivian graduated from Southern Illinois University at Edwardsville where she studied speech pathology. She is currently the director of a nursing home in Murphysboro, Ill.

Her fiancé graduated from Granite City High School and then from the University of Illinois in 1976. He received his master's degree from SIUE in 1979 and is employed as an English teacher at Chester (Ill.) High School.

Shower for Debbie Grady

Miss Debbie Grady was honored last week at a bridal shower and luncheon at the Chouteau Township Hall.

The bride-to-be will be married June 28 at St. Elizabeth Catholic Church to Harvey Breckner.

She is the daughter of Mr. and Mrs. Thomas Grady, 2727 Sunset Drive. Her fiancé's parents, Mr. and Mrs. Harry Breckner, reside at 333 English Place, Mitchell.

The shower was hosted by Melanie Grady, the honoree's sister, Mrs. Carmen Breckner, mother of the prospective groom, and Miss Grady's future sister-in-law, Cynthia Breckner.

Blue, pink, yellow, green, peach and lavender, the colors to be used in the wedding party, were reflected in the hall decorations and table appointments.

Serving the luncheon to 85 guests were Frances, Cynthia and Claudia Breckner and Mariene Waggoner.

Assisting the bride-elect in opening her gifts were Mary Gotti, maid of honor, Adele Petroski and Melanie Grady.

MEETINGS CANCELED
The regular meetings of the Board of Appeals and the Plan Commission in Granite City have been canceled due to lack of business. The meetings were to have been held Wednesday and Thursday.

TO MARRY. Miss Catherine Marie Beck, who will become the bride of Thomas Allen Reiss, Aug. 17 at St. Nicholas Eastern Orthodox Church in St. Louis. The bride-elect is the daughter of Mr. and Mrs. Glen Beck of Chesterfield, Mo.

Miss Beck is engaged

Mr. and Mrs. Glen Beck of Chesterfield, Mo., are announcing the engagement of their daughter, Catherine Marie, to Thomas Allen Reiss, son of Mr. and Mrs. Joseph J. Reiss of Creve Coeur, Mo.

Miss Beck is a 1976 graduate of Parkway Central High School and graduated this May, magna cum laude, from William Woods College in Fulton, Mo., with a bachelor of science degree in special education and elementary education. She is a member of Alpha Chi Omega

national sorority. Reiss, also a 1976 graduate of Parkway Central, graduated in May from Fontbonne College, St. Louis, with a bachelor of science degree in business and administration, concentrating in accounting, marketing, management and personnel administration.

They are members of the Holy Trinity Bulgarian Eastern Orthodox Church of Madison. They will be married Aug. 17 at St. Nicholas Eastern Orthodox Church in St. Louis.

LORI WINTERS

Lori Winters graduates with cum laude honors

Lori Lynn Winters, daughter of Mr. and Mrs. Neil Winters of 125 Riviera Drive, Granite City, graduated with honors from Bradley University at the May commencement exercises in Peoria.

She graduated cum laude for maintaining a grade point average of more than 3.4 on a perfect 4.0 scale. She received a degree in sociology.

During her years at Bradley, she was a member of the Sociology Club, Phi Kappa Phi, National Honor Society and Pi Gamma Mu. More than 700 degrees were granted in a morning ceremony that attracted 5,000 relatives and friends.

Final meeting for Mrs. McClanahan

The Women of the Moose of Granite City Chapter held their Academy of Friendship monthly meeting at the Moose Lodge last week. Chairman Louise McClanahan thanked all who helped with her projects.

She presented each co-worker with a handmade potholder in the shape of a dress in blue and white.

Present for her last meeting as chairman were Veronica Wilson, Sara Gusewelle, Pauline Presley, Doris Masters, Dorothy Coy, Clara Johnson, Mary Adams, Alice Skaggs, Irene Goede, Anna Kuzma and Velma Finney.

All brought a gift and games were played. Refreshments were furnished by Irene Goede. The next meeting will be July 1 at 7:30 p.m.

Parents group to attend dance
Parents Without Partners Eastside Chapter 91 met Monday to discuss upcoming events in June. Don Watson of Creative Travel Agency was the speaker.

Events planned include a "June Bug Stomp" to be held at the American Legion Hall in Centralia at 9 p.m.

A board meeting of the group will be held June 17 at Union Savings and Loan in Collinsville at 8 p.m.

The group is invited to attend a gathering at the home of Evelyn Stephens, club president. An orientation for new members will be held at this time.

Plans were also completed to attend the Mundy Opera June 25 to see "South Pacific."

Summer plans made by circle

Plans for the coming months were made at the meeting last week of Joy Circle of Niedringhaus United Methodist Church in the home of Mrs. Jean Maxwell.

Mrs. Edna Stutch read from "It's Been One of Those Days, Lord" by Bob Brown. The lesson was given by Mrs. Virginia Wolfe.

Mrs. Lynn North read the lesson of the Least Coin and a collection was taken.

The hostess served refreshments to those mentioned and Sharon Reader, Joni Karandjeff, Sue Miller, Shirley Frick, and Sherri and Norma Michener.

The next meeting will be held in September in the home of Mrs. Emily Hahn.

Toddlers, students benefit from joint class; program is made permanent

At its May 29 meeting, the Citizens Advisory Council for Vocational Education recommended that the PUPS method of instruction for vocational child care be continued at South High and also implemented at North High should space become available in the future.

Approval was given by the Granite City School Board on Tuesday night. The acronym stands for Parents Utilize Pre-Kindergarten Skills.

Cathy Riebold, GCHS South home economics department chairman, related that "during the 1979-80 school year, the home economics department at South piloted a vocational child care class using the Parents Utilize Pre-Kindergarten Skills philosophy of child development."

"Learning on child care careers, exceptional children, planning and organizing preschools and day care centers, and planning learning programs for pre-kindergarten children that had been taught in the previous vocational child care class were continued."

"In addition to giving the students experience in working with pre-kindergarten children, the PUPS class also provides experience with infants, toddlers and parents."

"The teachers in this program are Cathy Riebold, Jean Nelson and Barb Coleman. They feel that the additional learnings and experiences make this class superior to the old class, and think the continuation of PUPS will be in the best interest of the students in District 9."

"Specific points that demonstrate the success and benefits of PUPS are listed below:

1. "To a greater degree and in more detail, the child development studies that are begun in the prerequisite course, Child Development and Care Principles, are continued—using the PUPS format of vocational child care."
2. "In the infant-toddler learning center, students see actual children developing physically and mentally on a weekly basis. These experiences cannot be duplicated by sporadic observation sessions."
3. "Specific skillbuilders designed to aid the child's physical and mental growth are an important part of PUPS."

"These are taught to the high school students, who in turn teach them to their assigned children, thus giving the high school students the opportunity to teach young children and play a role in the child's development. The mothers are also taught the skillbuilders, and work with the children at home."

"Test scores of the pre-kindergarten children who regularly attend PUPS averaged a mental growth of 1½ to 2 years during the 7 months our program was in session."

"During the years the Collinsville program has been in existence, the children attending PUPS have repeatedly shown larger increases in mental growth than have the control group of children used by Collinsville for validation of the PUPS program."

"By applying the principles of child development taught in vocational child care, the high school student has 'hands on' experience in working with young children. The students should be credited with helping the preschoolers achieve these test results."

"The parent-student discussion room provides interaction that is helpful to both the students and the parents."

"Both sides of an issue are presented and much can be learned, because the atmosphere is friendly and relaxed instead of tense and argumentative."

"We hope the principles of

parenting taught in PUPS will be used and applied by both the students and the parents."

"A wide variety of guest speakers who are experts in various areas of child development also visited the class."

"I feel that the community relationship with District 9 is strengthened by our parents."

"Many of the parents of preschoolers involved in PUPS have expressed the opinion that our program is unique and superior because of the one-on-one working relationship their children

enjoy with our high school students."

"Because our mothers cannot just drop off their children, but must stay and attend a child development class, they must be committed to the program."

"The parents who have attended our program have been cooperative and show a loving concern for their children. I think this type of parent is a good role model for our students."

"I would like to thank Director of Vocational and Career Education Thomas C. Holloway and South Principal James Dumont for

their help in gaining approval for this class. We could not have achieved a successful program without this help and the commitment of South's home economics department and the cooperation of the teachers involved in the program."

"The home economics department at South would like to see PUPS continued on a permanent basis at South and implemented eventually at both high schools because of the additional benefits to the high school students and the community."

59 ATTEND MEETING OF SENIOR CITIZENS

Fifty-nine members attended the meeting of the Venice Senior Citizens held last week at the Venice Recreation Hall. A bus trip to Kimmunity, Ill., was planned.

It was noted that the recreation center will be used by school children for the next eight weeks, and that the senior citizen meetings will be held at the Venice American Legion Hall during that time.

A WORD TO THE ENERGY-WISE

Clean filters keep your air conditioner efficient.

A clogged filter causes your air conditioner to work overtime. It uses energy needlessly and deprives you of the comfort an air conditioner is designed to give.

For a room air conditioner or central unit, the advice from experts is:

Change filters once a month.

Suggestion: when you change a filter, write the date of change on its side. Then you can tell at a glance if the filter is due for a change.

Clean the grill on your outdoor unit. Dust and leaves clog the grill on the outdoor unit of a central system. Result: the unit runs constantly and still doesn't cool the house. Keep the grill clean and be sure shrubbery doesn't impede air circulation to the unit.

Chance for those missed by census to be counted

The 1980 census is nearly complete here, with every effort made to find and enumerate everyone. However, it is possible that some may have been missed and the Census Bureau is making one last appeal.

A "Were you counted?" form appears nearby and may be filled out and mailed in by all who were missed in April or May. District Census Manager Ron Randolph comments that cooperation in sending in the form "will help greatly in assuring that

the new population and housing counts for this area are as accurate as it is humanly possible to make them.

"Representation in Congress and the Illinois General Assembly are determined by the census population count. Federal funds also are allotted to states and local governments on a per-capita basis. "A short count would mean under-representation in the lawmaking bodies and under-allotment in government funds."

John Sedlack gave new meaning to good citizenship

The death this weekend of John L. Sedlack saddens the Quad-City community.

The veteran Madison and Granite City funeral director was one of the most active

local residents for several decades, participating in an almost unprecedented volume of organizational programs and voluntary service projects. He will be missed by all citizens.

Criticism of Rep. Wolf on attendance is not valid

A June 5 St. Louis Globe-Democrat editorial, "Off-the-job Illinois legislators," unfairly portrays State Representative Sam W. Wolf of Granite City as missing General Assembly gatherings without excuse or justification.

Rep. Wolf missed four days of the legislative session this spring but in all instances this was due to emergency surgery performed in March. He also had a "perfect attendance record in 1979 (no illness and no absences) and cannot be accurately faulted for the caliber or quantity of his participation.

The two Globe references to his 1980

attendance bring to mind three previous Globe statements in which he was described—despite notification to the contrary by Wolf—as having voted in November 1978 for a raise for legislators. He was not a member of the legislature at the time of the decision on the pay raise. It is of important that newspapers call attention to actions or omissions by public officials. It is also important that such articles and editorials be accurate, lest the public's image of all public officials be unnecessarily tarnished without justification.

Charged with burglary beaten of a service station

Mike J. Schalk, 18, of 2233 Dewey Ave., was charged with burglary and theft in an informational document issued by the Madison County state's attorney's office Friday afternoon.

He is charged with breaking into D & J Mobil 20th Street and Madison Avenue, at 1:45 a.m. Friday. A neighbor reported seeing suspicious activity near the building and then he saw a youth walking toward the downtown area.

Police checked and noticed the front of the cigarette machine in the station's lobby had been pried off. Entry was gained by breaking a window to the garage and climbing through the garage, officers said.

Blood on the wall by the window indicated one of the burglars may have cut himself while gaining entry, police reported.

Patrol cars were assigned to search the downtown area and an officer spotted one youth, who eluded him several times. Officers then searched the lot behind 1909 State St., and found a blue Mobil work shirt with four cartons of cigarettes wrapped in it on the ground near a trash receptacle, they reported.

They continued to search the lot and alleged finding Schalk in the trash bin, burrowed under some trash and lying on top of an

overturned toilet. He had a small cut to his right arm, it was reported.

Officers alleged he was wearing a pair of Mobil work pants over his blue jeans. There was \$14 in quarters and \$3 in dimes in the pockets.

Jim Sparks, owner of the station, said change had been taken from the cash register and the cigarette vending machine. Also missing were some keys and a gum and peanut vending machine.

The vending machine later was found in a trash dumpster behind 1911 Madison Ave.

Schalk was taken to the Granite City Jail and was transferred at 3 a.m. Saturday to the Madison County Jail at Edwardsville.

DRIVER IS ARRESTED

Donald R. Garris, 26, of 4406 Kirkpatrick Homes, was charged with reckless conduct and violating a stop sign after he allegedly drove his car in a very reckless manner through and near Kirkpatrick Homes at 6:35 p.m. Friday. When police stopped his car, he allegedly said he had been driving recklessly, because he had just had an argument with a relative and was angry. He was released on a notice to appear in court.

Arrest 2 in Kirkpatrick

An argument in Kirkpatrick Homes at 12:40 a.m. Saturday ended with both of the persons involved being arrested, according to police reports.

Della Coleman, 31, of 4002 Kirkpatrick Homes, said she went to 3507 Kirkpatrick Homes to tell a man visiting there she did not want him seeing her daughter.

She alleged the man struck her. Laddie C. Butkus, 25, East St. Louis, contended that Mrs. Coleman came to the door of 3507 Kirkpatrick Homes with a hammer in her hand. When she swung the hammer, she fell down, he alleged.

He went inside and closed the door and alleged she then broke the window in the door.

Mrs. Coleman was charged with criminal damage to property on a complaint signed by Butkus. Butkus was charged with battery on a complaint signed by Mrs. Coleman and

with criminal trespass to property on a complaint signed by police, alleging that Butkus was in Kirkpatrick Homes without the knowledge or permission of the Granite City Housing Authority.

AUTO IS STOLEN

The blue 1977 Datsun four-door sedan of Carol Cucetti, 3212 Bluebird Lane, was stolen from the Mathews Chevrolet parking lot across from the Longbranch Tavern, Grand and Niedringhaus avenues, between 11:30 p.m. Saturday and 3:15 a.m. Sunday.

BANK BAG STOLEN

A bank bag containing about \$600 was stolen from the office of Hopp's Tavern, 2807 Edwardsville Road, between 2 and 3 p.m. Friday. Police were told there were numerous persons in and out of the office during the time the money was taken.

Faces 9 charges after chase

Ralph M. Torrez, 37, of 2724 Dale Ave., faces nine charges after police alleged chasing him from near his home to the 2900 block of Washington Avenue at 5:10 p.m. Friday.

The chase followed a disturbance at Torrez's home in which he allegedly struck his 8-month-old daughter on the head with a fist and then forced his 2½-year-old son into his car at knifepoint.

His wife, Irene Torrez, alleged Mr. Torrez had been angry with her, but he struck the youngest child, causing a red mark on the side of her head.

He then tried to take the boy from the mother's arms, but she refused to let go, she said. Torrez allegedly went to the bedroom, got a knife and then grabbed the boy's leg and told Mrs. Torrez he would break the boy's leg, she did not let go of him. She released the boy and the father allegedly struck Mrs. Torrez on the back with a fist and took the boy to his car, saying that Mrs. Torrez

would never see either of them again, she told police. They drove away and she called the police department, giving officers a description of her husband's auto. Police saw the auto on St. Clair Avenue and one squad car turned in front of the auto at St. Clair and Marshall avenues, but alleged Torrez drove around the squad car and continued west. He allegedly went around another roadblock further west on St. Clair Avenue and was chased south on Myrtle Avenue, east on Leonard Avenue and north in the alley between Myrtle Avenue and Nameeki Road.

The auto allegedly went from a private driveway across the four lanes of Nameeki Road, causing one driver on Nameeki Road to slam on his car's brakes to avoid an accident, officers said. Torrez's auto continued onto Washington Avenue and allegedly violated the stop sign at 30th Street. In the 2900 block of Washington

Avenue, police caught the auto between a parked car and two squad cars. The driver allegedly tried to back out, but was unable to, because one police car was directly behind his auto.

He was ordered out of the car and complied, but when officers asked him to put his hands on top of his car for a search, he allegedly said, "No way," and tried to walk away.

When they tried to handcuff him, he allegedly resisted and force was used to handcuff and arrest him, officers said.

They also alleged finding beer in the auto.

Torrez was charged with resisting arrest and battery in state complaints. He also was issued traffic tickets alleging violation of two stop signs, illegal transportation of alcohol, failure to yield the right-of-way while leaving a private drive, reckless driving, speeding and fleeing from police.

He was jailed and the child was returned to the mother.

Women chased by man with knife

Oral Robin Hutchins, 24, of 2301 Nameeki Road, was charged with two counts of aggravated assault, one count of resisting arrest and one count of disorderly conduct in state complaints after he allegedly displayed a knife and chased two women with it around the home of Dorothy Sweet, 2201 rear Nameeki Road, at 8:55 p.m. Friday.

The occupant and a visitor, Chonda Glaspie of the 2900 block of East 23rd Street, said Hutchins entered the home, grabbed the occupant by the wrist and yelled and screamed at her.

She broke free and the intruder allegedly got a knife

from the kitchen and threatened them with it. The two women ran from the house with the man chasing them. Officers arrived and alleged Hutchins tried to walk away from them several times while they were attempting to determine what had occurred.

When they tried to handcuff him, he allegedly resisted and Sgt. Roy Koberna suffered an injury to his right hand during the scuffle. Force was used to subdue Hutchins and arrest him, police said.

Hutchins was released at 3:25 p.m. Saturday on \$408 cash bond.

Shot fired

Tuben Ybarra, 1733 Poplar St., fired a shot from a parked car at Niedringhaus Avenue and Spruce Street at 12:35 a.m. Sunday, but the gunman apparently missed. Ybarra said he had just driven around the corner when he saw the muzzle fire of a gun discharged from a dark-colored full-sized car parked behind King Auto Repair, 718 Niedringhaus Ave.

Police noted there had been a report of a gunshot in that area at 11 p.m. Saturday, but Ybarra said he was not involved in that incident. Officers found a warrant was on file for Ybarra's arrest on a misdemeanor charge of aggravated battery and he was released on \$150 cash bond.

LURES GIRL IN SHED

A 13-year-old boy allegedly lured a 3-year-old Cayuga Street girl into a shed at the rear of her home at 7 p.m. Friday, exposed himself to her and committed an obscene act, police were told at St. Elizabeth Medical Center, where the mother had taken the little girl for examination. Police talked to the boy Saturday and filed a petition with the juvenile court.

Wants all his comments reported

To the Editor:

I criticized the introduction of the ordinance concerning sale of paraphernalia.

My main objections were based on procedural problems, with the manner that ordinances are prepared, introduced and passed by the City Council without going through the committee specifically appointed for reviewing them.

I also expressed some concern over the ordinance's constitutionality. I prefaced these remarks, however, with a comment that I in no way condone the breaking of any laws, including smoking marijuana.

I also stated that the portion of the ordinance prohibiting sale of paraphernalia to minors

under 18 years old was indeed a very good provision.

I expressed that the smoking of marijuana by school-age children has certainly affected the educational level of our children, and has had an obvious deleterious effect on our educational system.

The Press-Record reporter neglected to include these comments and, therefore, many citizens, after reading these remarks, have erroneously concluded that I support or condone marijuana smoking.

Thank God and our forefathers that we in the United States of America have the freedom of free speech and freedom of the press.

Those freedoms allow all sorts of publications, including Hustler magazine,

Communist manifestos and KKK magazines.

All citizens have the right to publish whatever they desire, limited by a few narrow exceptions. We, as readers, have the right to accept, reject, believe or disbelieve these publications.

That freedom of the press also gives the journalist the right to pick and choose when he quotes a public speaker.

I sincerely hope that in the future whenever the Press-Record covers aldermanic comments made on the council floor that they include everything that the alderman can be judged fairly by the reading public whom he serves.

Smaller Ill. House not cheaper

To the Editor:

The people of the state should look very closely at the pros and cons of reducing our representation in the Illinois State House of Representatives.

I believe the suggestion that reducing the size of the House is going to save Illinois taxpayers money is a fallacy and a penny saved is a penny lost.

We should look very closely at who is promoting this idea and who is endorsing it.

The promoters for Illinois House reduction are saying that the House is larger than any other in the country. That is false.

The average size of population served by a legislator in the United States is about 33,000.

The size of the average population served in Missouri by a House member is 29,000. The average size of population served by a House member in Illinois is 63,000.

The argument that money would be saved is also false, as the number of bills or amount of legislation would not be reduced. Therefore, the size of the House staff would have to be increased considerably, causing additional expenditure.

Consider also that the majority of representation would not be from Southern Illinois but the Chicago area.

Tri-City holds off Freeburg comeback, 5-4

Press-Record

Sports

GRANITE CITY (III), PRESS-RECORD, Monday, June 9, 1980 — 17

By KEVIN ALLEN
of the Press-Record
GRANITE CITY — At the time, of course, there was no way of knowing it, but Bob Batey's fourth-inning RBI triple turned out to be the margin of difference in Tri-City's 5-4 win over Freeburg, Saturday.

Batey sliced a line drive to centerfield that skipped under a hard-charging Tim Vanderlinden, Freeburg's centerfielder. The ball rolled on to the fence before Freeburg finally gathered it up, but by that time, Tri-

City's Kevin Sykes, at second after a fiend's choice and an error, had raced home.

Sykes' run gave Tri-City a 5-1 lead. And with starting pitcher Randy Cann running through the Freeburg error with relative ease, the extra run seemed little more than insurance, and afterthought almost.

That, however, was before the winds came.

"I think those long fly balls they hit would have been routine without that gale blowing out," Tri-City coach

Eldon Warfield said. "Especially the home run." Warfield was talking about:

1. The stiff breeze blowing from home plate to right field.

2. The home run hit by Freeburg's VonDerlinden that cleared the rightfield fence at Granite City South High School with little to spare.

Freeburg had added its

second run in the fifth, when Ken Wilhelm singled, went to third on an error, and scored on a doubleplay.

Then in the sixth, VonDerlinden stepped into one of Cann's fast balls, lofted it

toward right, and watched the wind carry it over the fence.

The homer scored Steve Wilhelm as well, and pulled Freeburg to within a run.

Suddenly, Batey's triple

loomed large.

"Randy was starting to get the ball up," Warfield said. "And we had scouted Freeburg earlier, so we knew they could hit the ball all over the place."

Warfield summoned Kevin Cripps to the mound in the seventh after Cann managed to get without some difficulty — to finish the game without further damage.

And Cripps, in what's becoming typical form, wrapped up the victory handily.

"The thing about Cripps,"

Warfield said, "is that you know when he goes out there he's going to throw strikes. He's going to be around the plate and keep the ball down."

But Warfield was quick to add that doesn't mean Cann was ineffective. "This was probably Randy's best game in a long time. He hasn't pitched in a while, but now we know we can count on him to come through for us."

Until the sixth, Cann had allowed only two runs. In the

Kahoks win 2A state title

Campbell wins three games, unanimous choice for MVP

SPRINGFIELD — No contest.

Collinsville High won the 1980 IHSA State Baseball title by defeating Bartonville Limestone here Friday night in the Kahoks' easiest game of the tournament, 7-3.

Before the game coach Russ Keene was showing some concern. Rain had delayed the start of the semifinal games three hours. Because of a three-and-a-half hour 12-7 marathon win over Edwardsville, the Kahoks had just one hour to rest before the start of the championship game at Lamphier Park in Springfield.

"I just hope our kids have got enough gas," Keene said between games. But Collinsville showed more gas than OPEC and glided to its first

state baseball championship since 1941.

"We did a little bit of everything today," Keene said after the title victory. "I always thought we had a complete team. I'm real proud of 'em."

As celebrating continued around him, Keene thought back over the three games culminating in the state title. "The eight teams that got us here were so closely competitive," he said. "The team that gets the best defense and the best pitching is the team that wins it. I think we got a pretty good combination."

Good pitching . . . Keene meant Mark Campbell. Campbell made his third appearance and picked up his third win of the tournament in two days, the only pitcher in the history of the tournament to do so.

"I'll tell you," Keene said. "When he came out of the game this afternoon and said he wanted to go tonight, I knew we had five good innings coming for us."

Campbell had pitched four innings of relief in the Edwardsville semifinal game. IHSA rules state a pitcher cannot work more than six innings in one day, so

Campbell was forced to sit out the last two innings of the title game. But while he was in . . .

Campbell slammed the door shut on the Rockets in his five innings of work. He gave up no runs, three hits and only one walk. He struck out three batters before relinquishing his duties to Jeff McDaniel.

Meanwhile, Collinsville's bats greeted Limestone with a harsh welcome. Todd Miller led off the bottom of the first inning by beating out a grounder to short.

Designated hitter Jeff

Church then grounded (to Dan, but first baseman Stan Taylor missed the throw, Miller scored all the way from first base) Church reached third.

In the third inning Mike Heflin doubled up the rightfield line and came around to score on a double by Randy McEwen, giving Collinsville a 2-0 lead.

The Kahoks spoiled Limestone catcher Ron Kelch's day in the fourth inning. Scott Carson was hit by a pitch and forced out by Dave Burg. Miller was then given first base on an interference call against Kelch. Error No. 1.

With the runners at first and second, Keene called a double steal. Burg stole third and Kelch's throw went into left field. Burg scored and

EAST ALTON — Randy Lyerla, a relief pitcher, is playing catch with the three-year-old son of the plate umpire in back of the dugout.

Doug Raines, a utility infielder, does a little dance, or something that looks like a dance, out on first base.

Tom Greco, a centerfielder practices his throwing motion in the outfield between pitches. "Good form, Tom," someone yells from the bench.

Welcome to the Intercity league, folks.

Saturday, while Lyerla, Raines, and Greco were not always completely reliable in the game at hand, their team, the Corral Liqueur Cowboys managed to sweep a doubleheader from the East Alton Indians, winning 14-2 and 6-2.

Tom Greco, a centerfielder practices his throwing motion in the outfield between pitches. "Good form, Tom," someone yells from the bench.

Ken Crawford was warming up, preparing to pitch in the second game. "You warm, yet, Ken?" someone called from the bench. "We know you're loose, but are you warm?"

Then Crawford went out and allowed just two runs in his four innings of work, while his teammates collected six runs.

That was after Corral pounded out 14 runs in the opener. Three home runs, two by designated hitter Brian Sikes and one by left-

fielder John Krekovich — did much of the damage.

"Corral can hit the ball, they sure showed that today," East Alton coach Ken Cannedy said. "That damn Sikes especially. But I've seen him do that many a time."

While not hitting, Sikes sat in the shade in a lawn chair sipping cold drinks, but once at the plate, he simply ripped the cover off the ball and trotted around the bases.

The first of his two homers came in sixth, Corral's

biggest inning, in which the Cowboys scored six times and broke the previously close game open. The home run was a dizzying shot that bounced around the infield — of an adjacent field.

Sikes drove in Jeff Scarborough, who had singled in Warfield, who driven in two runs with a double.

Krekovich had the other RBI in the inning.

In the seventh, Sikes hit his second home run. This

McDonald's sweeps E. Alton

By PETE HAYES
of the Press-Record
GRANITE CITY — For old East Alton, The Indians of the Inter-City League became the patbies of the Granite City series here Sunday when they were swept by McDonald's 7-2 and 8-2 at Wilson Park.

The McDonald's sweep completed a whitewash job done by Granite teams on East Alton, Saturday, the Corral Cowboys beat East Alton twice (see related story).

Sunday, it was a story of too much McDonald's firepower and not enough East Alton pitching.

McDonald's outthrew the Indians 9-3 in the first game and 1-5 in the second.

The heroes of the first game were centerfielder Bob Ford and pitcher Dave Weil. Ford blasted a three-run home run deep to left centerfield, while Weil scattered those three hits.

McDonald's spotted the Indians a 2-0 lead in the third inning. But it didn't last long. McDonald's scored all seven of its runs in the bottom of the third frame.

Third baseman Jeff Parker had two RBI and Pat Hogan added two with a triple.

Despite the first game win, McDonald's coach Ray Harris was disturbed. "We made five errors and that's about five too many," he said. "We were lucky enough to come out a winner. But errors are still hurting us."

Errors didn't do McDonald's any harm in the second game. The Granite Cityans played flawless defense. But it took the offense a little while to get started.

East Alton was able to solve McDonald's starting pitcher Terry Lindsey for four hits and two runs through the first three innings and took a 2-0 lead.

Meanwhile, McDonald's was getting its share of hits — they just weren't coming with men in scoring position. That all changed in the fourth inning. McDonald's

scored one run to cut the Indians' lead in half. In the fifth, four more McDonald's players crossed the plate and that was that.

McDonald's scored three insurance runs in the sixth inning.

Harris brought in Al Yount to finish the sixth and seventh innings.

"I thought the whole team

looked pretty good," said Harris. "We haven't been able to get in much practice. With so much baseball going on here this summer, it's hard to find a field to practice on. But we were able to get a little batting practice in this week and it helped."

"Our defense looked a heck of a lot better in the

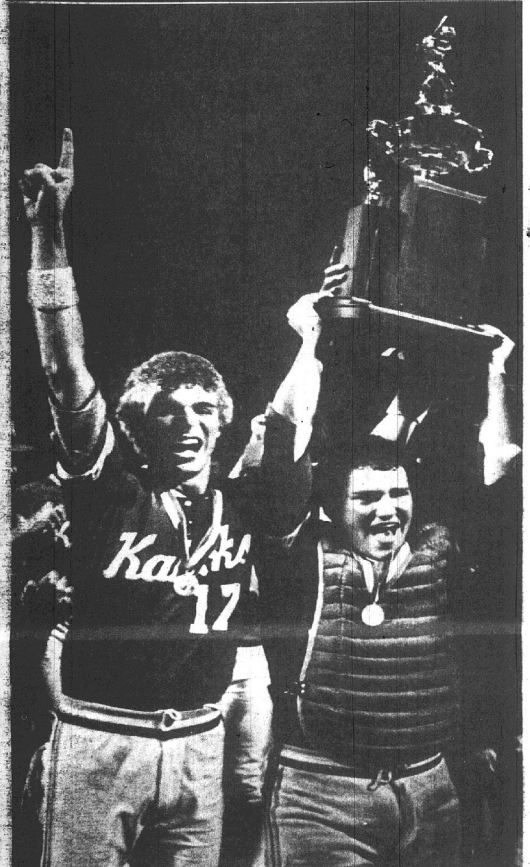

second game," Harris said. "If we can just keep it up and maybe get in some practice this week, we'll be alright next week."

"Next week" means a date at Wilson Park against fellow-Granite City team Corral Liqueur. The Cowboys sit atop the Inter-City League standings with a 4-1 record, while McDonald's is

4-2 in league play.

"I think we can give Corral a pretty good little game," said Harris. "At least I hope so."

McDonald's will be without the services Saturday of Ford and pitcher Steve Doly, both recent graduates of Granite City High School North who were signed by Harris.

ONE MORE. Collinsville's Vince Plantz (left) and catcher Randy McEwen celebrate the Kahoks' Class 2A state baseball championship Friday night in Springfield as they hold the first place trophy aloft. Collinsville's state title was one of ten won by Southern Illinois schools in the 1979-80 school year.

A fitting close to a banner year for south

GRANITE CITY — It was late. They were tired. But they were happy. There they were, Collinsville's Kahok baseball players, receiving the state championship trophy from IHSA Executive Secretary Laverne Astroth Friday night in Springfield.

It was a familiar sight for Southern Illinois prep sports fans.

Collinsville's dramatic winning of the Class 2A (large school) state title the weekend past was a fitting climax to one of the most successful school years ever in IHSA history. In an era which has seen northern Illinois and Chicago schools dominate the high school sports scene in this state, the 1979-80 school year will go down in history as "the year we showed Chicago what for," according to one fan in Springfield.

Granite City and the Quad Cities had a lot to do with it, too.

Perhaps nowhere in high school sports has one team so dominated a sport statewide as has Granite City South's soccer team. In November, South's Warriors won their fourth straight state championship in Chicago. But the Warriors' glory was not the only ones

The Sporting Thing

In a state final game this season representing Southern Illinois.

Oh no. There was a truckload full of state championships, along with a few seconds, thirds and fourths scattered in there. Let's start from the beginning. Golf. Carmi won the 1A (small school) state championship for the fifth straight year. Springfield Griffin was the 2A champion. Including South's soccer title, that's three so far.

Keep counting. After soccer came football. Three state champions from the southern half of the state. There was East St. Louis in Class 3A, Macouath in Class 3A and Decatur St. Theresa in Class 1A. That's six.

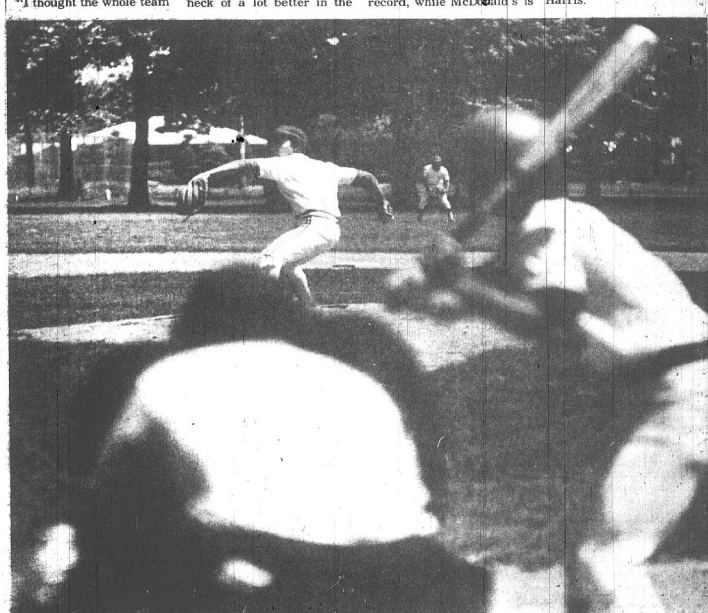

In swimming and wrestling, there were no team state champions from Southern Illinois, but there was an individual state champ from Collinsville in Tom Jager in swimming. Dean Perkins from Granite South was third in his weight

class at the state wrestling finals.

Then came basketball. Again, no state championship teams, but the northern Illinois schools had to pull out all the stops to keep it from being a Southern Illinois sweep. For the second straight year, the Chicago won the Class 1A state crown. But it wasn't easy. Luther South needed some last-minute heroics to beat Okawville in the semifinals, while Madison fell in the other semifinal game. While two northern schools played for the title, it was an all-Southern Illinois third place game.

Then there were Effingham's Cinderella-like efforts in the Class 2A basketball finals. In a division almost completely taken over by Chicago, the Flaming Hearts almost won it all. From a school with an enrollment below 1,000, that's a pretty good effort. The Hearts finished second.

(Continued on Page 19)

COMING HOME with a pitch Sunday is McDonald's hurler Dave Weil. McDonald's behind Weil's three-hitter and Bob Ford's three-

run homer beat East Alton 7-2 in the first game of an Inter-City doubleheader at Wilson Park. McDonald's also won the second game 8-2.

Kahoks beat Tigers in 'real' title game

SPRINGFIELD — When the fire really gets hot, just call in the "Ice Man."

The Kahoks had to deal with a bonfire in their 12-7 victory over Edwardsville in the semifinals of the IHSA Class AA State Baseball Tournament, the game which many felt determined the 1980 champions. So to cool things down, they called out not one but two "Ice Men."

Enter Todd Miller. Miller had already established himself as the "Ice Man" in the first game of the tournament at Springfield with a game-turning play at second base in the first inning. Again against the Tigers, Miller made all the difference.

Miller was three for five. He walked and scored a run. He singled and was stranded in the fourth. He singled

home two runs to tie the score in the fifth and then crossed the plate with the eventual winning run.

He reached on an error in the sixth and stole second. Finally, he knocked home the last two Collinsville runs

with a single in the seventh. He made just one throwing error in the game — a mistake which cost Collinsville nothing and was not at all reflective of his cool defensive play through the entire tournament.

But the Tigers wanted to go at it like a couple of sheeps in a back alley. One "Ice Man" wasn't enough.

Enter Mark Campbell. Campbell came on in relief of starter Jeff McDaniel in the fourth inning with runners at second and third. Campbell walked two batters in a row, forcing in one run, but got out of the inning on an unassisted play by — you've got it, Miller.

Campbell gave up two runs in the seventh inning, but the game had already been decided. The three-and-a-half hour marathon was over, and Campbell and his second state championship tournament win in as many days.

The "Ice Men" had done their job.

Edwardsville ended its season with a 26-8-1 record. Collinsville went to 32-4-1 and advanced to the title match with Bartonville Limestone.

THE STOPPER. Collinsville pitcher Mark Campbell (second from right) is congratulated Thursday after beating Oak Forest 3-2 in the quarterfinals of the IHSA Class 2A State

Tournament at Lanphier Park in Springfield. Campbell went on to win the next game at Collinsville, something no pitcher had ever done before in IHSA history.

Oak Forest first victim of Campbell

SPRINGFIELD — Most fans would be ready to pick up their bags and head for home judging from the state of Collinsville High's Class AA quarterfinal game with Oak Forest. The Bengals had already brought two runs around and had another runner leading off third base when the "Ice Man" came in to pitch.

But the Todd Miller cavalry was charging behind second base to save the day, robbing the Bengals of any delight in nailing the win on the Kahoks at Lanphier Park in Springfield. Miller's big league play at second shut off the flow of Oak Forest offense in the first inning at

two runs.

It kept Collinsville close enough to come from behind to win Thursday afternoon, 3-2.

"I think they were ready for a big inning, if it weren't for that play," Collinsville Coach Russ Keene said.

That play changed the complexion of the whole game. Oak Forest's Dave Braden singled and stole second with one out in the top of the first inning. Braden was kept at second on a grounder to short but Bengal first baseman Frank Sterkowitz ripped a single straight up the middle to drive him home.

Designated hitter Mark Flanagan was not about to be

outdone. He followed by knocking a high fast ball over Dave Brub's head in center, scoring Sterkowitz and giving himself a stand-

Oak Forest's season ended at 21-8-2. Collinsville's went to 31-4-1 with the win, and advanced to semifinal play against Edwardsville (26-8-1). The Tigers defeated Chicago Vocational (18-1) Thursday afternoon, 3-1.

Bartonville Limestone (28-8) defeated Barrington in the first quarterfinal game, 5-3. Bartonville faces Winnetka — New Trier East (25-6), who defeated Joliet Catholic (38-9) in the other morning quarterfinal game, 6-0.

a first lap problem getting

hit from the rear and

knocked his rear bumper off.

Blowing out a right front tire after pulling into the pits to fix them up, he had to start at the rear end of the pack.

On the green, Danny Frye, Jr. took the lead in the No. 5 sprint car owned by his father, Edley Frye Sr. He held on

for six laps when he and Dean Shirley led a see-saw battle. On lap no. seven Hood

had moved all the way up from last place to take over the lead. He led the balance

of the twenty laps for the feature night at the 1-55

the lead. He was powered 377

by a Chevy Camaro that took

the lead and looked like a winner until lap no. 17 when a yellow flag came out. On

the restart, Messinger got the jump and the lead and

held on for the win. At the checkered flag, he came

across the finish line with a flat tire. Messinger, from

Summer, Ill., was using a 377 C.I. Chevy prepared by the

racing head service engine and sponsored by M&M

Pump Service of Clay City, Ill.

In the Sportsman's Class, it was Tom Smith from St.

members and costs \$5 per four week session for non-

members.

A new series of aerobic dance routines will be taught by Luth Tueth and Elaine

Savaria beginning June 15. Classes meet on Mondays

and Wednesdays from 9:30 to 10:30 a.m. or 7 to 8 p.m. The fee for YMCA members is

\$20 for the first four weeks or \$12 for an entire eight-week session. Non-members fees

are \$18 and \$30.

Swimminess will resume July 7, taught by Lee Suarez. This class consists of 30

minutes of pool exercise, followed by 15 minutes of open swimming. There is no

charge for YMCA members and costs \$1 per four week session for non-YMCA

members.

For more information on any of the programs, call Luth Tueth at the YMCA,

876-7200.

St. Clair stars are too much for Madison

BELLEVILLE — While

Madison County prep

baseball teams were busy

winning state championships

last week, a few St. Clair

County players were busy

tuning up their bats.

A team of St. Clair County

All-Stars defeated a Madison

County team here Saturday

12-3 in the second game of a

doubleheader at Belleville

Area College.

The 12-3 win came on the

heels of a 2-1 nail-biter won

by St. Clair County in the

first game. The loss for

Madison County was in spite

of a brilliant pitching per-

formance by Granite City

North's Steve Doty on the

mont. Starting the game,

Doty pitched 6 1/3 innings,

struck out 11, walked one and

hit a batter, while allowing

just two hits.

Wrestling tourney

GRANITE CITY — The first-ever Granite City Summer Wrestling Tournament will be sponsored by the newly-formed Granite City Wrestling Club Saturday, June 14 at Granite City High School South's wrestling annex.

The tournament will be for three divisions, including an "Old Timers" classification for wrestlers 30 years of age and over. Other divisions will be Eighth Grade and Under, Ninth-12th Grades and Open for those college age to 30 years.

Wrestling in the 8th Grade-Under and "Old Timers" divisions will be in Folk (Collegiate) Style, 9th-12th Grade and Open divisions will be in Free Style.

The weigh-in for wrestlers will be from 7 to 9 a.m. A special clinic will be held from 9 to 9:30 a.m. on freestyle wrestling. Speakers will be Jan Gitcho and Steve Garland. Wrestling will begin at 10 a.m.

Awards will be given to the top three finishers in each division.

The entry fee for participants is set at \$3. All wrestlers must have a current Wrestling Federation card. The Wrestling Club will have cards available at the tournament.

Those wanting further information on the tournament may contact William Widel at (816) 931-6734.

MARK CAMPBELL delivers a pitch Friday afternoon against Edwardsville. The Kahoks beat the Tigers 12-7 in state semifinal action.

In Memoriam 33

STEVEN EARL HOLMES
who passed away June 13th, 1978 In this world of sin and pain We only meet to part again But when we reach the heavenly shore We there shall meet no more. Truly that we shall see that day Shall share our present griefs and we will miss you very much. We Love and Miss You MOMMA AND DADDY

IN LOVING memory of STEVEN EARL HOLMES, June 13, 1978: Two years have gone by since Steve went home with Jesus. Precious memories of Steve live within our hearts recalling how Steve loved to pray, sing and dance with a heart full of joy. God only knows why you had to leave us. Someday we will all be together again. Sadly missed by Grandma Betty, Auntie, Uncles and Cousins, Papa. 33 6 9

IN LOVING memory of GUY T. SIMPSON, June 8, 1978: Is anyone from us has gone. A place is vacant in our hearts that never can be filled. Sadly missed by Wife, Children and All Who Loved Him. 33 6 9

IN LOVING memory of LEOPOLD SIX, June 6, 1978: Is sadly missed in our hearts and in our mind the precious loving memories never cease. Sadly missed by Loving Wife, Sons, Daughters, Grandchildren and Great-Grandchildren. 33 6 9

IN LOVING memory of SAM KEPAN, June 9, 1975: Sadly missed by Sons and Daughters. 33 6 9

PEARL KELLER, June 9, 1979: Her life a beautiful memory. Her absence a silent grief. She sleeps in God's beautiful garden. In the sunshine of perfect peace. Sadly missed by Jesse, Jeannie, Alan, John and all the Keller Family. 33 6 9

IN LOVING memory of LONIE JOSEPH HINCHES, June 10, 1977: It has been three years you've been that we knew it was God's consent, "Come and live with Me in peace, I will give you a life that will never cease." Our hearts were sad that you went where there, that God said, "There is not time to be had, Here there is life ever after." Sadly missed by Husband Sister and Children and Those Who Knew and Loved Her. 33 6 9

LEGAL NOTICE
The Madison County Board of Review, in accordance with
Illinois Revised Statutes, Chapter 120, Section 589,
Paragraph (5), has determined that it is necessary to
equalize the real property assessments in the county.

The Department of Local Government Affairs has issued
a tentative county multiplier of 1.0946. To eliminate the
inequities multiplying the following changes will go into effect
to equalize the townships between themselves:

Township	Percent Increase needed to attain 33 one-third percent
Jarvis	1.0163
Collinsville	1.1767
Edwardsville	1.1604

Township	Percent Decrease needed to attain 33 one-third percent
Foster	.8666

Said changes shall apply to all farm buildings and all
other classes of real property; provided, however, that said
changes shall not apply to farmland pursuant to Illinois
Revised Statutes, Chapter 120, Paragraph (5)(a).

A Board of Review hearing will be held to afford in-
terested persons an opportunity to be heard on the proposed
changes, which shall not take effect until after such
hearing. Interested persons may appear at the Madison
County Courthouse, on Monday, July 7, 1980 at 10:00 A.M., if
they wish to be heard.

No. 80-3-219
Take notice that on the
28th day of May, 1980, a
petition was filed under the
Juvenile Court Act by Dan
Schattnik, Asst. State's Atty.
in the Circuit Court of
Madison County entitled "In
the Interest of CARLA D.
FRAZIER, a minor", and that
in Circuit Courtroom at
Edwardsville on the 27th day
of June at the hour of 11:00
a.m., or as soon thereafter as
this cause may be heard, an
adjudicatory hearing will be
held upon the petition to have
the child declared to be a
ward of the court under that
Act. The court has authority
in this proceeding to take
from you the custody and
guardianship of the minor,
and to appoint a guardian
with power to consent to
adoption of the minor.

Now, unless you appear at
the hearing and show cause
against the petition, the
petition may be taken for
confessed as against you and
each of you, and an order,
judgment or decree entered.
Dated June 4, 1980.

4. Relocation.
No person, families, or
businesses shall be displaced
by this project.

5. Environment.
This project will not have a
significant environmental
impact upon the urban ser-
vice area.

6. Comprehensive
Planning.
This project is in con-
formance with com-
prehensive land use and
transportation planning as
established in the St. Louis
Missouri-Illinois metropoli-
tan district and is con-
sistent with the adopted
programming of projects in
the Transportation
Improvement Program.

7. Elderly and Handicapped.
During fiscal year 1981, Bi-
State will continue to work
with the established Elderly
and Handicapped technical
advisory committee to in-
sure that the special trans-
portation needs of the
elderly and handicapped
continue to be considered in
all Bi-State activities.

8. The hearing Bi-State
Development will afford an
opportunity for interested
persons to agencies to
submit oral or in writing
evidence and recommen-
dations with respect to
said project.

9. A copy of the ap-
plication and the Trans-
portation Improvement
Program for the area is
currently available for
public inspection at Bi-State
Development Agency, 411 N.

FATHER'S DAY

*A National Holiday Since 1924**

Mrs. John Bruce Dodd of Spokane, Washington was sitting in church on Mother's Day in the early 1900's listening to a Mother's Day sermon. She began to look back on her life as she sat with her child. Her mother had died very early in life and her father was left to raise her five brothers and one sister. Knowing what great courage it took to raise a family as a single parent, Mrs. Dodd thought that there should be a special day to honor all fathers. After the sermon she presented the idea to Dr. Rasmus, the minister of her church. He was very enthusiastic about the idea and wanted to help her.

In the Spring of 1910, Mrs. Dodd presented a petition to Mr. Bluhm, President of the Spokane Ministerial Association, and that Spring the Mayor of Spokane issued the First Father's Day Proclamation. This designated June as the month to honor Fathers because it was Mrs. Dodd's Father's Birthday and the first Father's Day was observed June 19th, 1910.

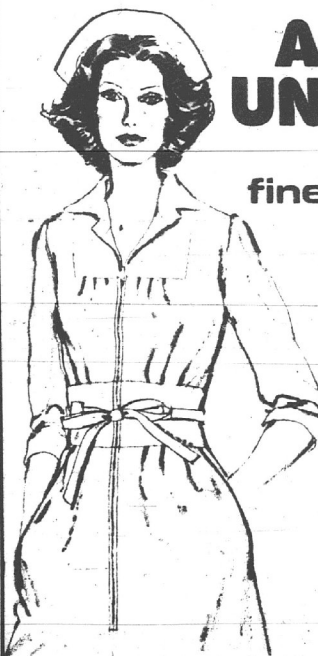

The following year, the Governor of Washington, Gov. M.E. Hay, proclaimed Father's Day as a State Holiday and set the 3rd Sunday in June as the annual date. The Father's Day celebration spread so that in 1924 President Calvin Coolidge proclaimed it a National Holiday.

FREE BLOOD PRESSURE TESTING OFFERED Thursday, June 26th

The Illinois Department of Public Health will offer free blood pressure screening from 10:00 a.m. to 3:00 p.m. Thursday, June 26th at St. Clair Square. Testing will be conducted from a portable unit parked outside the mall's upper level main entrance.

According to Vaunda Mizofek, Field Director for the Illinois Heart Association, "Many people with hypertension, especially mild hypertension, have no symptoms at all. The danger lies in not knowing and therefore not treating the hypertension. Screenings help to identify people that have no symptoms of high blood pressure." Untreated, high blood pressure can contribute to strokes and heart attacks.

Volunteers from the Red Cross and the St. Clair County Heart Association will assist with the screenings.
